

KING'S LYNN ACADEMY

KNOWLEDGE ORGANISER

Year 10 Summer Term 3 2023

Name:

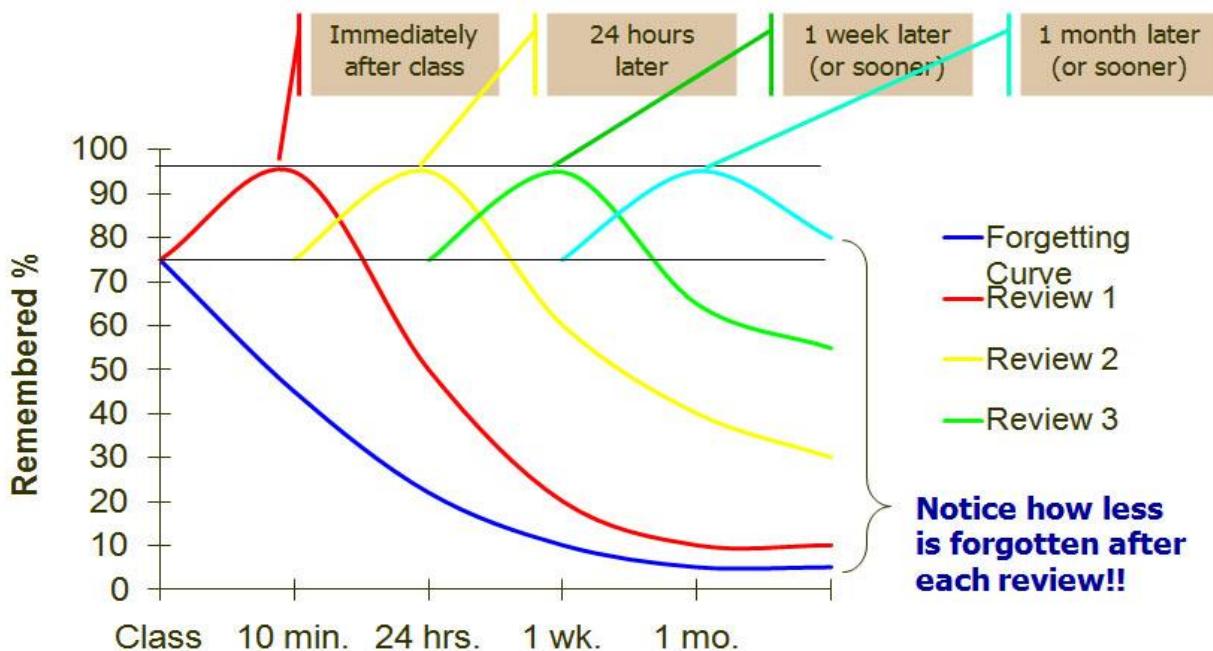

Home Learning

At KLA we deem it is important to set about making excellent progress in your child's learning by reinforcing crucial knowledge beyond the classroom. To help structure this important aspect of their learning pupils have access to Knowledge Organisers for all subject areas. The Knowledge Organisers will help your son/daughter to learn a wide range of knowledge to prepare them for lessons, low/high stake assessments and GCSE public examinations, and the world of work when used appropriately, consistently and in structured time. Knowledge Organisers encourage pupils to be independent when developing knowledge. Each half term pupils will receive a booklet, which comprises of Knowledge Organisers and the Journey for all subjects in the curriculum. Moreover, this booklet is available on the school website and emailed to parents.

Why Knowledge Organisers?

The GCSE specifications have a greater focus on application, reasoning and evaluation skills. This leaves less time in class to focus on 'the bits they just have to know'. If knowledge retention is improved, this will have a positive impact on levels of attainment and achievement.

Overcoming the Curve

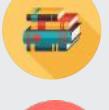

Decay theory states that if learning is not used, revisited or rehearsed it simply fades away.

How to use your Knowledge Organiser

To get the most out of the Knowledge Organisers, your son/daughter should be learning sections and then testing themselves. Listed at the back of this booklet are strategies and tips on how your son/daughter can successfully use their Knowledge Organisers.

Subject Contents

	English.....	Pages 4-9
	Maths.....	Pages 10-19
	Science.....	Pages 20-31
	Geography.....	Pages 32-37
	History.....	Pages 38-43
	French.....	Pages 44-51
	German.....	Pages 52-57
	Physical Education.....	Pages 58-63
	NCFE Graphic Design.....	Pages 64-79
	Hospitality & Catering.....	Pages 80-83
	Art.....	Pages 84-89

Term 1

GCSE English Literature: Romeo and Juliet

Key Vocabulary – Tier 2

Conflict
Disintegration
Familial
Kinship
Predestination
Fate
Infatuation
Patriarchal
Courtly love
Gender role

Key Literary Techniques – Tier 3 Vocabulary

Tragedy
Protagonist
Dramatic Irony
Sonnet
Iambic Pentameter

Key Ideas

Shakespeare shows the devastating effects of conflict and feuding.

Through the characters of Romeo and Juliet, the theme of love is explored – both positive and romantic, as well as illogical and infatuated.

Shakespeare investigates the effects of fate/ luck/. Fortune in what happens to us.

The patriarchal society of the play's Verona as well as Elizabethan England is explored – showing the effects of bullying male authority figures.

Shakespeare varies his use of language to indicate moments of heightened emotion, or philosophical importance.

Key Quotations

"Star crossed lovers"
"From ancient grudge break to new mutiny."
"Do you bite your thumb at us sir?"
"Peace. Peace. I hate the word."
"Did my heart love till now?"
"O Romeo, Romeo, wherefore art thou Romeo?"
"A rose by any other name would smell as sweet."
"A plague on both your houses!"
"I am Fortune's fool."
"Romeo is banished."
"Thus with a kiss I die."

Wider Reading

Macbeth – William Shakespeare

Shakespeare for every day of the year – Allie Esiri

Shakespearean Tragedy – A C Bradley

<p>Some Further Support</p> <p>Q2. HOW/EFFECT (Subject terminology, evidence, effect on reader)</p> <p>The writer has used (word choice/technique) Quote. The writer has done this because they want the reader to (feel/think/imagine...)</p> <p>Do not comment on complex sentences or punctuation.</p>
<p>Q3. HOW/EFFECT</p> <p>Beginning, middle, end. Look at the journey of the text.</p> <p>Mention topic shift and/or change of setting. Look for time markers</p>
<p>At the start the writer has focused on.... Quote. He/she has done this because....</p>
<p>The writer has changed the focus from.... to.....Quote. This has the effect of....</p>
<p>The writer has introduced a (character/dialogue), quote because they want to show....</p>
<p>Through the text the writer has used (patterning/repetition), quote, to convey the idea of....</p>
<p>The writer has ended the text by.....(quote). He/she has done this because...</p>
<p>Paragraph and sentence lengths should only be commented on if it is their actual position in the text as a whole that is significant</p>
<p>Q4 WHAT/HOW/WHY</p> <p>I agree with the statement because I feel that..... Quote.</p> <p>From this I can infer that..... The writer uses (structural/linguistic methods) to convey this. (Re quote exact word(s)), this makes the reader think/feel</p> <p>You must respond to the quotation (do this in your statement) and also write about the methods (language/structure) that the writer uses.</p>

The Questions P1:

- Q1 List four things about X (4)
- Q2 How does the writer use language? (8)
- Q3 How does the writer use structure? (8)
- Q4 Critical Evaluation (20)
- Q5 Write a narrative or description in response to a picture or written stimulus. (40)

English Language: Explorations In Creative Reading/Writing Paper One

Narrative and Descriptive Techniques to use:

- Ambitious Vocabulary
- A wide range of adjectives
- Power verbs
- Adverbs
- Simile
- Metaphor
- Personification
- Single sentence paragraph
- Flashback
- Circular narrative
- A range of paragraphs
- A range of punctuation for effect
- A variety of sentence structures

Key Vocabulary Explained:

- Subject Terminology: These are the words specific to English that you need to use to discuss the writer at work. In this case, they are the narrative and descriptive language and structural techniques; the techniques that the writer has chosen to use. For example: simile for language; shifts focus for structure.
- Effect: this is where you explain why a writer has chosen a particular word or phrase; how does it affect you? How does it make you think or feel? What did the writer want to achieve and why?
- Analyse: This is where you pick apart the writer's language and technique in more detail. It's like having a magnifying glass and studying it really closely.
- Evaluate: This means to work out what you think. You give your opinion and then explain your reasons for thinking the way you do, using evidence to back you up.

15
REMEMBER -
REMEMBER planning -
minutes WRITE -
minutes WRITE
DON'T WRITE
DO HIGHLIGHT

- The Questions
- Q1 Select 4 true statements from 8 (4)
Q2 Summarise the similarities or differences between SA and SB (8)
- Q3 How does the writer use language in SX? (12)
Q4 Compare the writer's viewpoints in both sources (16)
- Q5 Write an argument to agree or disagree with a statement (40)

- Q2 WHAT / INFER (Statement, Quote, Inference about Source A. Conjunction. Statement, Quote, Inference about Source B.)
Both (focus of the task e.g. are seaside towns). In (subject of source A e.g. Margate) we see that...Quote. From this I can infer that...However in (subject of source B e.g. Broadstairs) it seems that.... which I can infer that.....
Use the focus of the task not the writers' names or the texts in general.
- Q3 HOW/EFFECT (Subject terminology, evidence, effect on reader)
- The writer has used (word choice/technique) Quote. The writer has done this because they want the reader to (feel/think/imagine...) Focus on no more than three key aspects.
- Q4 COMPARE WHAT and HOW you need to discuss the writers' different perspectives (views). What/How/Why. In Source A the writer (name the writer) feels that.... (then quote). We see this through their use of (writers method – L/S). Show example and comment. Whereas in source B (name the writer) feels that..... He/she uses (method-L/S). (Show example and comment) to show this.
- Writer A thinks about..... He/she shows this through their use of However Writer B thinks about..... He/she uses... to present this creating the impression that..... In Source A, the writers point of view is one of..... presented through her use of(L/S.) By contrast writer Bs' viewpoint is one of..... He presents this through the use of ... (L/S), which.....
- Overall, both writers show similar/different views.
Planning is very important, also remember to compare ideas and perspectives and not linguistic devices.

15

REMEMBER planning,
REMEMBER WRITE -
DON'T WRITE
DO HIGH

English Language: Writers' Viewpoints and Perspectives Paper Two

Persuasive Techniques to use:

- Ambitious Vocabulary
 - Facts and Opinions
 - Statistics
 - Rhetorical question
 - Emotive language
 - Exaggeration
 - Rule of 3
 - Direct address
 - Counter-argument
- Plus:
- A range of paragraph structures
 - Varied sentence structure
 - A range of punctuation

- Discourse Markers:
- Notably, Interestingly, Evidently, Inadvertently, Disturbingly, Thus, Moreover, Adjectives of derision: Ludicrous, Appalling, Alarming, Preposterous, Unreasonable, Unthinkable, Laughable, Senseless, Nonsensical, Obviously, Irrational, Unquestionably, Accordingly, On the contrary,

Year 10

English

Knowledge Questions

Below are a series of questions.

Use these to apply your knowledge and practice.

Check You Remember

What does Lord Capulet say to Paris' suit of Juliet. How does this change after Tybalt's death?

When is the Fight Scene – how does the play differ before and after this scene?

Why does Juliet have to take a potion to make her appear dead?

Apply Your Knowledge

Compare Romeo's feelings for Rosaline to how he feels about Juliet.

Explain The Nurse and Friar Lawrence in the play. What is the function of these minor characters?

Explain how Juliet is a strong female character.

Stretch Your Thinking

Is this play more about love or hate? Explain.

Does Shakespeare support courtly love and the Elizabethan conventions of marriage or them? Discuss.

Why is this play still relevant today? Can you think of any modern applications?

Year 10

English

Knowledge Checklist

**KNOWLEDGE
PROGRESS**

	KNOWLEDGE CHECKLIST	R	A	G
1	I know about Shakespeare, Elizabethan England and how it was different from modern society			
2	I know the plot of Romeo and Juliet			
3	I know the major characters and their role in the play			
4	I know the minor characters also			
5	I understand the themes of the play and why Shakespeare chose to include them			
6	I know key quotations about main characters and themes			
7	I know how to respond to an unseen text			
8	I know how to answer all Language questions			
9	I know all Literature texts well– plot, character, themes and quotations			
10	I can write an answer to an exam question, using what, how, why paragraphs			

High Flyers - Enrichment Task

- Make a revision booklet to support you in your exams. Include main characters, themes and context. Use GCSE Pod, GCSE Bitesize or other resources.
- Support knowledge of Romeo and Juliet by reading a critic's response to the tragedy– AC Bradley.
- Ensure you know the genre of Tragedy as determined by Aristotle.

Topic/Skill	Definition/Tips	Example	Topic/Skill	Definition/Tips	Example
1. Simultaneous Equations	A set of two or more equations, each involving two or more variables (letters). The solutions to simultaneous equations satisfy both all of the equations.	Example 2x+y=7 3x-y=8 $x = 3$ $y = 1$	1. Coordinates	Written in pairs. The first term is the x-coordinate (movement across). The second term is the y-coordinate (movement up or down)	Example A: (4, 7) B: (-6, -3)
2. Variable	A symbol, usually a letter, which represents a number which is usually unknown.	In the equation $x+2=5$, x is the variable.	2. Linear Graph	Straight line graph. The equation of a linear graph can contain an x-term, a y-term and a number.	Example: 
3. Coefficient	A number used to multiply a variable.	6 is the coefficient of x . z is the variable.	3. Quadratic Graph	'U-shaped' curve called a parabola. The equation is of the form $y = ax^2 + bx + c$, where a , b and c are numbers, $a \neq 0$. If $a < 0$, the parabola is upside down.	Example: 
4. Solving Simultaneous Equations (by Elimination)	1. Balance the coefficients of one of the variables. 2. Eliminate this variable by adding or subtracting the equations. (Same Sign Subtract, Different Sign Add) 3. Solve the linear equation, you get using the other variable. 4. Substitute the value you found back into one of the previous equations. 5. Solve the equation you get. 6. Check that the two values you get satisfy both of the original equations.	5x+2y=9 10x+3y=16 Multiply the first equation by 2. 10x+4y=18 10x+3y=16 Same Signs Subtract (+10x on both) $y = 2$	4. Cubic Graph	The equation is of the form $y = ax^3 + k$, where k is an number. If $a > 0$, the curve is increasing. If $a < 0$, the curve is decreasing.	Example: 
5. Solving Simultaneous Equations (by Substitution)	1. Rearrange one of the equations into the form $y = \dots$ or $x = \dots$ 2. Substitute the right-hand side of the rearranged equation into the other equation. 3. Expand and solve this equation. 4. Substitute the value into the $y = \dots$ or $x = \dots$ equation. 5. Check that the two values you get satisfy both of the original equations.	Rearrange: $y - 2x = 3 \rightarrow y = 2x + 3$ Substitute: $3x + 4(2x + 3) = 1$ Solve: $3x + 8x + 12 = 1$ $11x = -11$ $x = -1$ Substitute: $y = 2x - 1 + 3$ $y = 1$	5. Reciprocal Graph	The equation is of the form $y = \frac{a}{x}$, where A is a number and $x \neq 0$. The graph has asymptotes on the x-axis and y-axis.	Example: 
6. Solving Simultaneous Equations (Graphically)	Draw the graphs of the two equations. The solutions will be where the lines meet. The solution can be written as a coordinate.	$y = 5 - x$ and $y = 2x - 1$.	6. Asymptote	A straight line that a graph approaches but never touches.	Example: 

1. Increase or Decrease by a Percentage	Non-calculator: Find the percentage and add or subtract it from the original amount.	Example Increase 500 by 20% Non Calc: 10% of 500 = 50 to 20% of 500 = 100 500 + 100 = 600
2. Percentage Multiplier	Calculator: Find the percentage multiplier and multiply.	Example Decrease 800 by 17% Calc: 100% - 17% = 83% \$33 \times 800 = 664 The multiplier for increasing by 12% is 1.12 The multiplier for decreasing by 12% is 0.88 The multiplier for increasing by 100% is 2.

Year 10 – Foundation Knowledge Organiser Half Term 6

Key Vocabulary

Measures

Metric System

Imperial System
Metric and Imperial Units

Speed, Distance, Time

Density, Mass, Volume

Pressure, Force, Area

proportion

Direct Proportion

Inverse Proportion

Using proportionality formulae

Direct Proportion with powers

Inverse Proportion with powers

Topic/Skill Definition/Tips Example

<u>Topic/Skill</u>	<u>Definition/Tips</u>	<u>Example</u>
1. Metric System	A system of measures based on: - the metre for length - the kilogram for mass - the second for time	1 Kilometres = 1000 metres 1 metre = 100 centimetres 1 centimetre = 10 millimetres
2. Imperial System	Length: mm, cm, m, km Mass: mg, g, kg Volume: ml, cl, l	1 kilogram = 1000 grams
3. Metric and Imperial Units	A system of weights and measures originally developed in England, usually based on human quantities Length: inch, foot, yard, miles Mass: lb, ounce, stone Volume: pint, gallon	1lb = 16 ounces 1 foot = 12 inches 1 gallon = 8 pints
4. Speed, Distance, Time	Use the unitary method to convert between metric and imperial units.	5 miles ≈ 8 kilometres 1 gallon ≈ 4.5 litres 2.2 pounds ≈ 1 kilogram 1 inch = 2.5 centimetres

Topic/Skill Definition/Tips Example

<u>Topic/Skill</u>	<u>Definition/Tips</u>	<u>Example</u>
5. Density, Mass, Volume	Remember the correct units. Density = Mass ÷ Volume Mass = Density × Volume Volume = Mass ÷ Density	Density = 8kg/m ³ Mass = 2000g Find the Volume.
6. Pressure, Force, Area	Remember the correct units. Pressure = Force ÷ Area Force = Pressure × Area Area = Force ÷ Pressure	$V = M \div D = 2 \div 8 = 0.25m^3$ Find the Force
7. Distance-Time Graphs	Remember the correct units. You can find the speed from the gradient of the line (Distance ÷ Time). The steeper the line, the quicker the speed. A horizontal line means the object is not moving (stationary).	$F = P \times A = 10 \times 6 = 60 N$

Topic/Skill Definition/Tips Example

<u>Topic/Skill</u>	<u>Definition/Tips</u>	<u>Example</u>
1. Direct Proportion	If two quantities are in direct proportion, as one increases, the other increases by the same percentage.	
2. Inverse Proportion	If y is directly proportional to x, this can be written as $y \propto x$. An equation of the form $y = kx$ represents direct proportion, where k is the constant of proportionality.	
3. Proportionality	If two quantities are inversely proportional, as one increases, the other decreases by the same percentage.	
4. Speed	If y is inversely proportional to x, this can be written as $y \propto \frac{1}{x}$.	
5. Density	An equation of the form $y = \frac{k}{x}$ represents inverse proportion.	

Year 10 – Higher Knowledge Organiser Half Term 5

Key Topics and Vocabulary

Direct and inverse proportion

Direct Proportion

Inverse Proportion

Using proportionality formulae

Direct Proportion with powers

Inverse Proportion with powers

Set Notation

1. Direct Proportion	If two quantities are in direct proportion, as one increases, the other increases by the same percentage. If y is directly proportional to x , this can be written as $y \propto x$. An equation of the form $y = kx$ represents direct proportion, where k is the constant of proportionality.	
2. Inverse Proportion	If two quantities are inversely proportional, as one increases, the other decreases by the same percentage. If y is inversely proportional to x , this can be written as $y \propto \frac{1}{x}$. An equation of the form $y = \frac{k}{x}$ represents inverse proportion.	
3. Using proportionality formulae	Direct: $y = kx$ or $y \propto x$ Inverse: $y = \frac{k}{x}$ or $y \propto \frac{1}{x}$	<p>p is directly proportional to q. When p = 12, q = 4. Find p when q = 20.</p> <p>1. $p = kq$ $12 = k \times 4$ $\text{so } k = 3$</p> <p>2. $p = 3q$</p> <p>3. $p = 3 \times 20 = 60$, so $p = 60$</p>
4. Direct Proportion with powers	Graphs showing direct proportion can be written in the form $y = kx^n$. Direct proportion graphs will always start at the origin.	
5. Inverse Proportion with powers	Graphs showing inverse proportion can be written in the form $y = \frac{k}{x^n}$. Inverse proportion graphs will never start at the origin.	

Topic/Skill	Definition/Tips	Example
1. Simultaneous Equations	A set of two or more equations, each involving two or more variables (letters). The solutions to simultaneous equations satisfy both all of the equations.	$2x + y = 7$ $3x - y = 8$
2. Variable	A symbol, usually a letter, which represents a number which is usually unknown.	$x = 3$ $y = 1$
3. Coefficient	A number used to multiply a variable.	$6x$
4. Solving Simultaneous Equations (by Elimination)	It is the number that comes before in front of a letter. 1. Balance the coefficients of one of the variables. 2. Eliminate this variable by adding or subtracting the equations. (Same Sign Subtract, Different Sign Add) 3. Solve the linear equation you get using the other variable. 4. Substitute the value you found back into one of the previous equations. 5. Solve the equation you get. 6. Check that the two values you get satisfy both of the original equations.	$5x + 2y = 9$ $10x + 3y = 16$ Same Sign Subtract (+10x on both) $y = 2$
5. Solving Simultaneous Equations (by Substitution)	Substitute $y = 2$ into equation 1. $5x + 2 \times 2 = 9$ $5x + 4 = 9$ $5x = 5$ $x = 1$	$5x + 2 \times 2 = 9$ $5x + 4 = 9$ $5x = 5$ $x = 1$
6. Rearrange one of the equations into the form $y = \dots$ or $x = \dots$	Solution: $x = 1, y = 2$	$y - 2x = 3$ $3x + 4y = 1$
7. Rearrange the right-hand side of the rearranged equation into the other equation.	Rearrange: $y - 2x = 3 \rightarrow y = 2x + 3$	$3x + 4(2x + 3) = 1$
8. Expand and solve the other equation.	Substitute: $3x + 4(2x + 3) = 1$	$3x + 8x + 12 = 1$ $11x = -11$ $x = -1$
9. Substitute the value into the $y = \dots$ or $x = \dots$ equation.	Solution: $3x + 8x + 12 = 1$	$y = 2x - 1 + 3$ $y = 1$
10. Check that the two values you get satisfy both of the original equations.	Solution: $x = -1, y = 1$	$x = -1, y = 1$

8. $y = \sin x$	
9. $y = \cos x$	
10. $y = \tan x$	
11. $y = \sec x$	
12. $y = \csc x$

Knowledge Questions

Below are a series of questions.

Use these to apply your knowledge and practice.

Simultaneous Equations

Could I substitute for x ? How could I do this?

Could I substitute for y ? Do I need to rearrange the linear equation first? How could I do this?

Algebra and graphs

What features of a graph help us to identify its equation?

Which types of graphs do you find easier to identify?

Why?

Vectors

What do the numbers in the column vector represent?

How do you know which direction they represent?

Calculating with percentages

Which are the most commonly used percentages? What fractions are they equivalent to?

How can you convert any decimal to a fraction?

Direct and indirect proportion

What is the difference between direct and inverse proportion?

If two variables are inversely proportional, what happens to the value of one variable if the other is multiplied by a ?

Measures

What is the difference between mass and volume?

Why is the density of a metal likely to be different from the density of a gas?

Why do we measure density in g/cm^3 (or kg/m^3)?

High Flyers - Enrichment Task

The Venn diagram shows:

$\xi = \{\text{integers from 1 to 10}\}$

A = {prime numbers}

B = {odd numbers}

How do the two Venn diagrams help to show the probability of a number being odd, given it's prime?
Calculate this probability

Use a similar approach to show that:

The probability of a number being prime, given that it's odd is $\frac{3}{5}$

Plants and Photosynthesis: Big ideas

Organisms

What expert understanding do we want after 5 years?

Cells are alive

Big idea

Organisms are made of cells, which themselves have parts that carry out different functions. Organisms exist as single cells (unicellular) or many cells (multicellular). In multicellular organisms, cell division is essential for growth, development, and repair. Cells differentiate to form specialised cells that perform diverse functions. All living systems need matter and energy. Matter fuels respiration, the energy-releasing chemical reaction that provides energy for life functions and provides the material for growth and repair of tissue. Plants and algae use sunlight, water, and carbon dioxide to facilitate photosynthesis, which stores energy, forms plant matter, releases oxygen, and maintains plants' activities.

How does the unit develop this?

Photosynthesis

Key Concept

Plants and algae use sunlight, water, and carbon dioxide to facilitate photosynthesis.

Respiration

Key Concept

Respiration is an exothermic reaction that takes place in cells to produce energy

Plant Transport

Key Concept

The plant's transport system is dependent on environmental conditions to ensure that leaf cells are provided with the water and carbon dioxide that they need for photosynthesis.

Sub-concepts

Limiting Factors
Inverse Proportion

Sub-concepts

Aerobic Respiration
Anerobic Respiration
Oxygen Debt

Sub-concepts

Plant Tissues
Plant Organs
Plant Organ systems
Transpiration and translocation

Sub-concepts

- Functions of chloroplasts.
- Measurement of photosynthesis
- Endothermic reaction

Sub-concepts

Facts

- Functions of: epidermal tissues, palisade mesophyll, spongy mesophyll, xylem and phloem, meristem tissue found at the growing tips of shoots and roots
- The role of stomata and guard cells.

Cells: Big ideas

Notes

Genes

What expert understanding do we want after 5 years?

B6 Inheritance and Variation: Big ideas

Characteristics are inherited

Big idea

All cells contain genetic material, in the form of DNA in chromosomes. Genes are specific regions that contain the instructions that code for characteristics. Organisms reproduce, transferring their genetic material to their offspring. In sexual reproduction fertilisation produces genetic variation in the offspring. Asexual reproduction forms genetically identical offspring.

How does the unit develop this?

Reproduction and Genes

Key Concept

Reproduction involves mixing genetic material from two parents, or copying cells from one parent

Sub-concepts

Sexual and Asexual reproduction
Meiosis
Genome

Facts

- Sperm, eggs, pollen and ovules are gametes.
- Gene
- DNA structure -GCSE Bio only.

Facts

- Insulin and Diabetes
- GM Crops

Monohybrid Inheritance

Key Concept

Genes are inherited – this can be used to make predictions about sex and genetic illnesses.

Sub-concepts

Genetic Inheritance
Sex Determination
Inherited Disorders
Punnett Square

Facts

- Gene
- Allele
- Dominant
- Recessive
- Homozygous
- Heterozygous

Genetic Engineering

Key Concept

Modification of a genome of an organism by introducing a gene from another organism

Sub-concepts

Risk and Benefit
Stages in the process of genetic engineering.

Facts

- Insulin and Diabetes
- GM Crops

Genes

What expert understanding do we want after 5 years?

Characteristics are inherited

Big idea

All cells contain genetic material, in the form of DNA in chromosomes. Genes are specific regions that contain the instructions that code for characteristics. Organisms reproduce, transferring their genetic material to their offspring. In sexual reproduction fertilisation produces genetic variation in the offspring. Asexual reproduction forms genetically identical offspring.

How does the unit develop this?

Cloning -GCSE Biology only

Key Concept

Cloning is used to create a genetically identical organism from an original plant or animal

Sub-concepts

Risk and Benefit
Ethics

Facts

- Tissue Culture
- Plant cutting
- Embryo transplant
- Adult Cloning

Matter

Earth's Atmosphere: Big ideas

What expert understanding do we want after 5 years?

Earth systems interact: Big idea

- The cycling of matter in earth systems depends on physical and chemical processes over long and short timescales. Humans rely on resources from these systems for minerals, fresh water, fuels and other raw materials

How does the unit develop this?

Earth's Atmosphere

Key Concept

For 200 million years, the proportions of different gases in the atmosphere have been much the same as they are today:

- about four-fifths (approximately 80%) nitrogen
- about one-fifth (approximately 20%) oxygen
- small proportions of various other gases, including carbon dioxide, water vapour and noble gases.

Human influence

Key Concept

Global warming is a direct response to burning fossil fuels.

Sub-concepts

Greenhouse gases are released when fossil fuels burn.
Some greenhouse gasses carbon dioxide, methane, water vapour.

Sub-concepts

Earth's early atmosphere did not contain oxygen.

Facts

- Plants have evolved and oxygen is now present as a result of photosynthesis.

More details masteryscience.com

© masteryscience 2018

Energy

Radioactivity: Big ideas

What expert understanding do we want after 5 years?

Radiation transfers energy

Big idea

Radiation is the emission of waves or subatomic particles, from a source, which spread through space and through materials. Waves transfer energy without the material moving, and travel as longitudinal vibrations, or as transverse electromagnetic oscillations. Waves have characteristic properties when they meet boundaries, and pass into different materials. High energy waves cause ionisation.

How does the unit develop this?

Radioactive Decay

Key Concept

Some atomic nuclei are unstable. The nucleus gives out radiation as it changes to become more stable. This is a random process called radioactive decay.

Sub-concepts

Nuclear Equations show the process of decay

Facts

- The terms used to understand radioactive decay are
- Activity
- Count Rate
- The properties and composition of nuclear radiation:
- Alpha
- Beta
- Gamma

Half Life

Key Concept

Radioactive decay is random. The large number of atoms involved in decay mean that half life can be predicted for different elements.

Sub-concepts

Experimental and graphical methods to calculate half life

Facts

- Radioactivity is measured in Sieverts (Sv)
- Nuclear radiation can cause harm.
- Irradiation means that an object is exposed to radioactive particles or waves.
- Contamination means radioactive material is on or inside an object.
- Radioactive materials have hazards and uses linked to activity and half life.

Energy

Electric circuits: Big ideas

What expert understanding do we want after 5 years?

Electricity transfers energy

Big idea

Energy can be transferred from place to place by electric current. Electricity is produced from many energy resources by driving a turbine, and stored by a battery or transmitted by currents. Batteries produce voltage that drive current around a circuit, supplying power to components. All these quantities can be calculated and controlled.

How does the unit develop this?

Ohms Law

Key Concept†

There is a relationship between current, voltage and resistance in a component. This relationship can be measured and predicted.

Sub-concepts

- Series circuit, parallel circuit
- Required Practical – Ohms Law

Facts

- Voltage = Current x Resistance
- Ohms law in resistors, thermistors and diodes

Power

Key Concept

Electricity is used to transfer energy. The rate of transfer is known as power. Power is related to current, voltage and time. This relationship can be calculated and predicted

Sub-concepts

- Energy
- Efficiency

- Power = current x voltage
- Power = current² x time
- Energy = power x time
- W, KW, KWh

Energy

Electric circuits: Big ideas

What expert understanding do we want after 5 years?

Electricity transfers energy

Big idea

Energy can be transferred from place to place by electric current. Electricity is produced from many energy resources by driving a turbine, and stored by a battery or transmitted by currents. Batteries produce voltage that drive current around a circuit, supplying power to components. All these quantities can be calculated and controlled.

How does the unit develop this?

Energy Resources

Key Concept†

Limits to the use of fossil fuels and global warming are critical problems for this century. Physicists and engineers are working hard to identify ways to reduce our energy usage.

Sub-concepts

- Sustainable
- Renewable
- Non Renewable
- Reliable

Facts

- Fossil fuels (coal, oil and gas), nuclear fuel,
- bio-fuel, wind, hydroelectricity, geothermal, the Sun, water waves.

Year 10

Science

Knowledge Questions

Below are a series of questions.

Use these to apply your knowledge and practice.

Biology

Where does photosynthesis take place in plants? Why? How do you measure the rate of photosynthesis?

What do plants use the products of photosynthesis for?

Why are offspring like their parents—how does inheritance work?

Chemistry

Why do chemical reactions happen?

What is a salt and how would a scientist make a salt? What steps in the synthesis would there be?

How has the Earth's atmosphere changed over time? Why?

Physics

How many different electrical components can you name and draw?

What is the structure of an atom?

What are the properties of the three main forms of nuclear radiation?

Year 10

Science

Knowledge Checklist

KNOWLEDGE PROGRESS

	KNOWLEDGE CHECKLIST	R	A	G
1	Plants and algae use sunlight, water, and carbon dioxide to facilitate photosynthesis.			
2	Respiration is an exothermic reaction that takes place in cells to produce energy			
3	The plant's transport system is dependent on environmental conditions to ensure that leaf cells are provided with the water and carbon dioxide that they need for photosynthesis.			
4	Understanding different chemical changes means that scientists can predict exactly what new substances will form in a reaction, and use this knowledge to develop a wide range of different materials and processes.			
5	Atoms are not created or destroyed in chemical reactions. Chemical equations provide a means of representing chemical reactions and are a key way for chemists to communicate chemical ideas			
6	There is a relationship between current, voltage and resistance in a component.			
7	Electricity is used to transfer energy. The rate of transfer is known as power.			
8	Limits to the use of fossil fuels and global warming are critical problems for this century. Physicists and engineers are working hard to identify ways to reduce our energy usage.			
9	Some atoms are unstable and emit nuclear radiation			
10	The four types of nuclear radiation are alpha, beta, gamma and neutrons			

High Flyers - Enrichment Task

- Use of appropriate apparatus and techniques for the observation and measurement of biological changes and/or processes.
- Use of appropriate apparatus and techniques for conducting and monitoring chemical reactions, including appropriate reagents and/or techniques for the measurement of pH in different situations.
- Use of appropriate apparatus to measure current, potential difference (voltage) and resistance, and to explore the characteristics of a variety of circuit elements
- Use of circuit diagrams to construct and check series and parallel circuits including a variety of common circuit elements

What is development?		Variations in the level of development		Human factors affecting uneven development														
Development is an improvement in living standards through better use of resources.	Economic Social Environmental	This is progress in economic growth through levels of industrialisation and use of technology. This is an improvement in people's standard of living. For example, clean water and electricity. This involves advances in the management and protection of the environment.	LICs NEEs HICs	<p>Poorest countries in the world. GNI per capita is low and most citizens have a low standard of living.</p> <p>These countries are getting richer as their economy is progressing from the primary industry to the secondary industry. Greater exports leads to better wages.</p> <p>These countries are wealthy with a high GNI per capita and standards of living. These countries can spend money on services.</p>	<p>Aid</p> <ul style="list-style-type: none"> Aid can help some countries develop key projects for infrastructure faster. Aid can improve services such as schools, hospitals and roads. Too much reliance on aid might stop other trade links becoming established. <p>Health</p> <ul style="list-style-type: none"> Countries that export more than they import have a trade surplus. This can improve the national economy. Having good trade relationships. Trading goods and services is more profitable than raw materials. 													
Measuring development	AQA	<p>These are used to compare and understand a country's level of development.</p> <p>Economic indicators examples</p> <ul style="list-style-type: none"> The proportion of the population working in primary, secondary, tertiary and quaternary industries. <p>Gross Domestic Product per capita</p> <p>This is the total value of goods and services produced in a country per person, per year.</p> <p>An average of gross national income per person, per year in US dollars.</p> <p>Social indicators examples</p> <ul style="list-style-type: none"> The number of children who die before reaching 1 per 1000 babies born. The percentage of population over the age of 15 who can read and write. The average lifespan of someone born in that country. <p>Mixed indicators</p> <ul style="list-style-type: none"> A number that uses life expectancy, education level and income per person. <p>Human Development Index (HDI)</p>	<p>Causes of uneven development</p> <ul style="list-style-type: none"> Development is globally uneven with most HICs located in Europe, North America and Oceania. Most NEEs are in Asia and South America, whilst most LICs are in Africa. Remember, development can also vary within countries too. <p>Physical factors affecting uneven development</p> <table border="1"> <thead> <tr> <th>Natural Resources</th> <th>Natural Hazards</th> </tr> </thead> <tbody> <tr> <td>Fuel sources such as oil. Minerals and metals for fuel. Availability for timber. Access to safe water.</td> <td>Risk of tectonic hazards. Benefits from volcanic material and floodwater. Frequent hazards undermines redevelopment.</td> </tr> </tbody> </table> <p>Location/Terrain</p> <ul style="list-style-type: none"> Landlocked countries may find trade difficulties. Mountainous terrain makes farming difficult. Scenery attracts tourists. <p>The Demographic Transition Model</p> <p>The graph illustrates the Demographic Transition Model (DTM) across five stages:</p> <ul style="list-style-type: none"> STAGE 1: High DR, High BR, Steady. STAGE 2: BR Low, Declining DR. STAGE 3: Rapidly falling DR, Low BR, High. STAGE 4: Low DR, Low BR, Zero. STAGE 5: Slowly Falling DR, Low BR, Negative. <p>For Stage 5, the graph shows three scenarios based on migration:</p> <ul style="list-style-type: none"> e.g. Tribes: e.g. Kenya e.g. India: e.g. UK e.g. Japan: e.g. Japan <p>The demographic transition model (DTM) shows population change over time. It studies how birth rate and death rate affect the total population of a country.</p>	Natural Resources	Natural Hazards	Fuel sources such as oil. Minerals and metals for fuel. Availability for timber. Access to safe water.	Risk of tectonic hazards. Benefits from volcanic material and floodwater. Frequent hazards undermines redevelopment.

Health	Education	Politics	History															
Lack of clean water and poor healthcare means a large number of people suffer from diseases. People who are ill cannot work so there is little contribution to the economy.	Education creates a skilled workforce meaning more goods and services are produced.	Corruption in local and national governments. The stability of the government can effect the country's ability to trade.	Colonialism has helped Europe develop, but slowed down development in many other countries.															
More money on healthcare means less spent on development.	Educated people earn more money, meaning they also pay more taxes. This money can help develop the country in the future.	Ability of the country to invest into services and infrastructure.	Countries that went through industrialisation a while ago, have now developed further.															

Reducing the Global Development Gap

	<h3>Case Study: Economic Development in Nigeria</h3>	<h3>Case Study: Economic Change in the UK</h3>
	<h3>UK in the Wider World</h3>	<h3>Towards Post-Industrial</h3>
	<p>Nigeria is a NEE in West Africa. Nigeria is just north of the Equator and experiences a range of environments.</p> <p>Nigeria is the most populous and economically powerful country in Africa. Economic growth has been base on oil exports.</p>	<p>The UK has one of the largest economies in the world.</p> <p>The UK has huge political, economic and cultural influences.</p> <p>The UK is highly regarded for its fairness and tolerance.</p> <p>The UK has global transport links i.e. Heathrow and the Eurostar.</p>
	<h3>Influences upon Nigeria's development</h3>	<h3>Causes of Economic Change</h3>
	<p>Social</p> <p>This is when a country's debt is cancelled or interest rates are lowered.</p> <ul style="list-style-type: none"> + Means more money can be spent on development. - Locals might not always get a say. Some aid can be tied under condition from donor country. 	<p>De-industrialisation and the decline of the UK's industrial base. Globalisation has meant many industries have moved overseas, where labour costs are lower. Government investing in supporting vital businesses.</p>
	<h3>Industrial Structures</h3>	<h3>Developments of Science Parks</h3>
	<p>Political</p> <p>This is when a country's debt is cancelled or interest rates are lowered.</p> <ul style="list-style-type: none"> + Means more money can be spent on development. - Locals might not always get a say. Some aid can be tied under condition from donor country. 	<p>Science Parks are groups of scientific and technical knowledge based businesses on a single site.</p> <ul style="list-style-type: none"> • Access to transport routes. • Highly educated workers. • Staff benefit from attractive working conditions. • Attracts clusters of related high-tech businesses. • Nissan produces electric and hybrid cars.
	<h3>Changing Relationships</h3>	<h3>Change to a Rural Landscape</h3>
	<p>Cultural</p> <p>Nigeria's diversity has created rich and varied artistic culture.</p> <p>The country has a rich music, literacy and film industry (i.e. Hollywood).</p> <p>A successful national football side.</p>	<p>Once mainly based on agriculture, 50% of its economy is now manufacturing and services.</p> <p>A thriving manufacturing industry is increasing foreign investment and employment opportunities.</p>
	<h3>The role of TNCs</h3>	<h3>Economic</h3>
	<p>Technology</p> <p>Includes tools, machines and affordable equipment that improve quality of life.</p> <ul style="list-style-type: none"> + Renewable energy is less expensive and polluting. - Requires initial investment and skills in operating technology 	<p>Every year the UK makes 1.5 million cars. These factories are owned by large TNCs, i.e. Nissan.</p> <ul style="list-style-type: none"> • 7% of energy used there factories is from wind energy. • New cars are more energy efficient and lighter. • Nissan produces electric and hybrid cars.
	<h3>Effects of Economic Development</h3>	<h3>UK North/South Divide</h3>
	<p>Aid</p> <p>This is given by one country to another as money or resources.</p> <ul style="list-style-type: none"> + Improve literacy rates, building dams, improving agriculture. - Can be wasted by corrupt governments or they can become too reliant on aid. 	<p>Rising house prices have caused tensions in villages.</p> <p>Villages are unpopulated during the day causing loss of identity.</p> <p>Resentment towards poor migrant communities.</p>
	<h3>Fair trade</h3>	<h3>Improvements to Transport</h3>
	<p>Microfinance Loans</p> <p>This involves people in LICs receiving small loans from traditional banks.</p> <ul style="list-style-type: none"> + Loans enable people to begin their own businesses - Its not clear they can reduce poverty at a large scale. 	<p>A £15 billion 'Road Improvement Strategy'. This will involve 10 new roads and 1,600 extra lanes.</p> <p>£50 billion HS2 railway to improve connections between key UK cities.</p> <p>£18 billion on Heathrow's controversial third runway.</p>
	<h3>Location and Background</h3>	<h3>UK North/South Divide</h3>
	<p>Tourist economy</p> <p>Tunisia is a NEE country located in the north of Africa. The northern coast enjoys a Mediterranean climate with hot summers and mild, warm winters which attracts tourists.</p>	<p>Lack of affordable housing for local first time buyers.</p> <p>Sales of farmland has increased rural unemployment.</p> <p>Influx of poor migrants puts pressures on local services.</p>
	<h3>Multipier effect</h3>	<h3>Effects of Economic Development</h3>
	<p>Development Problems</p> <ul style="list-style-type: none"> - Tourists do not always spend much money outside their resorts. - Pollution- some of the beaches have been polluted with untreated waste from hotels. - Foreign companies send holidaymakers but keep the profit. 	<p>Life expectancy has increased from 46 to 53 years, 64% have access to safe water. Typical schooling years has increased from 7 to 9.</p>

Case studies/examples:
A case study of a major city in an LIC or NEE An example of how urban planning is improving the quality of life for the urban poor.
A case study of a major city in the UK An example of an urban regeneration project.
Lagos, Nigeria Lagos (floating communities).
London. Olympic Park, London

**Key terms:**

Brownfield site: Land that has been used, abandoned and now awaits some new use.

Dereliction: Abandoned buildings and wasteland.

Economic opportunities: Chances for people to improve their standard of living through employment.

Greenfield sites: A plot of land, often in a rural or on the edge of an urban area that has not yet been subject to any building development.

Inequalities: Differences between poverty and wealth, as well as in peoples' wellbeing and access to things like jobs, housing and education.

Integrated transport systems: When different transport methods connect together.

Mega cities: An urban area with a total population in excess of ten million people.

Migration: When people move from one area to another.

Natural increase: The birth rate minus the death rate of a population.

Rural-urban fringe: A zone of transition between the built-up area and the countryside.

Pollution: The presence of chemicals, noise, dirt or other substances which have harmful or poisonous effects on an environment.

Sanitation: Measures designed to protect public health, including the provision of clean water and the disposal of sewage and waste.

Social deprivation: The degree to which an individual or an area is deprived of services, decent housing, adequate income and local employment.

Social opportunities: Chances for people to improve their quality of life, for instance access to education and health care.

Squatter settlements: An area of poor-quality housing, lacking in amenities such as water supply, sewerage and electricity.

Sustainable urban living: A sustainable city has minimal damage to the environment, a sound economic base and resources allocated fairly.

Traffic congestion: Occurs when there is too great a volume of traffic for roads to cope with, so traffic jams form and traffic slows to a crawl.

Urban greening: The process of increasing and preserving open space such as public parks and gardens in urban areas.

Urbanisation: The process by which an increasing percentage of a country's population comes to live in towns and cities. Rapid urbanisation is a feature of many LICs and NEEs.

Urban regeneration: The revival of old parts of the built-up area by either installing modern facilities in old buildings (known as renewal)

Urban sprawl: The unplanned growth of urban areas into the surrounding countryside

Waste recycling: The process of extracting and reusing useful substances found in waste.

Knowledge Questions

Below are a series of questions.

Use these to apply your knowledge and practice.

Can you remember?

What is deindustrialisation?

What is the rural-urban fringe?

2 examples of social opportunities in cities?

Apply your knowledge

Outline the strategies to eliminate the N/S divide in the UK

How will the HS2 scheme improve the UK's links?

Why was urban regeneration needed in a place you have studied?

Stretch yourself!

How will changes in the UK's economy help mitigate climate change?

How will urban sustainability mitigate against climate change?

Outline the similarities in the inequalities that exist in London and Lagos.

Year 10

Knowledge Questions

Below are a series of questions.

Use these to apply your knowledge and practice.

Check you remember

What do the following terms mean? Try and use them in a sentence. Alms, circumnavigation, colony, enclosure, gentry, heretic, monasteries, patronage, seminary, transubstantiation, workhouse.

Put these events into chronological order. Can you add the dates they happened? Essex's Rebellion, The Treason Act, execution of Mary Queen of Scots, Drake's circumnavigation, death of Robert Dudley, Act of Supremacy, Spanish Armada.

Say why these people are significant in the topics that have been studied. Sir William Cecil, Sir Francis Walsingham, Robert Dudley, Sir Christopher Hatton, Earl of Essex, Mary Queen of Scots, Francis Drake, Walter Raleigh, Philip II of Spain.

Apply your knowledge

Explain what was important about the Elizabethan period which made it a 'Golden Age'.
(8 marks).

Write an account of how the difficulties which faced Queen Elizabeth as a female ruler.
(8 marks).

Write an account of how Essex's Rebellion showed Queen Elizabeth's decreasing power.
(8 marks).

Year 10

History

Knowledge Questions

Stretch your thinking!

"The main consequence of Drake's circumnavigation of the world between 1577 and 1580 was increased tension between England and Spain".

How far do you agree with this statement?

Explain your answer. (16 marks).

High Flyers - Enrichment Task

Your site study for the 2024 exams focuses on "The Americas and Drake's circumnavigation, 1577—1580". This will be the focus of question 4 on your Elizabethan paper which equates to 16 marks. Being the biggest question, this is your greatest opportunity to pick up a large amount of marks!

Your task is to complete your own research project into Francis Drake and his greatest achievements. You may choose to present this however you wish, for example, a PowerPoint presentation, a poster, a biography or a leaflet. I recommend you focus on the following aspects:

- Drake's background and early life (including his relatives, the Hawkins family)
- Drake and San Juan de Ulua, 1568
- Drake's early trips to South America
- Drake's circumnavigation

You should use a range of resources to complete this activity including the internet, your revision guides, textbooks. Please see Miss Hammond for a copy of the resource pack provided by AQA for your site study—this will provide a wealth of information!

Conflict and Tension: First World War 1894-1918

Describe the photo in German using WPALM

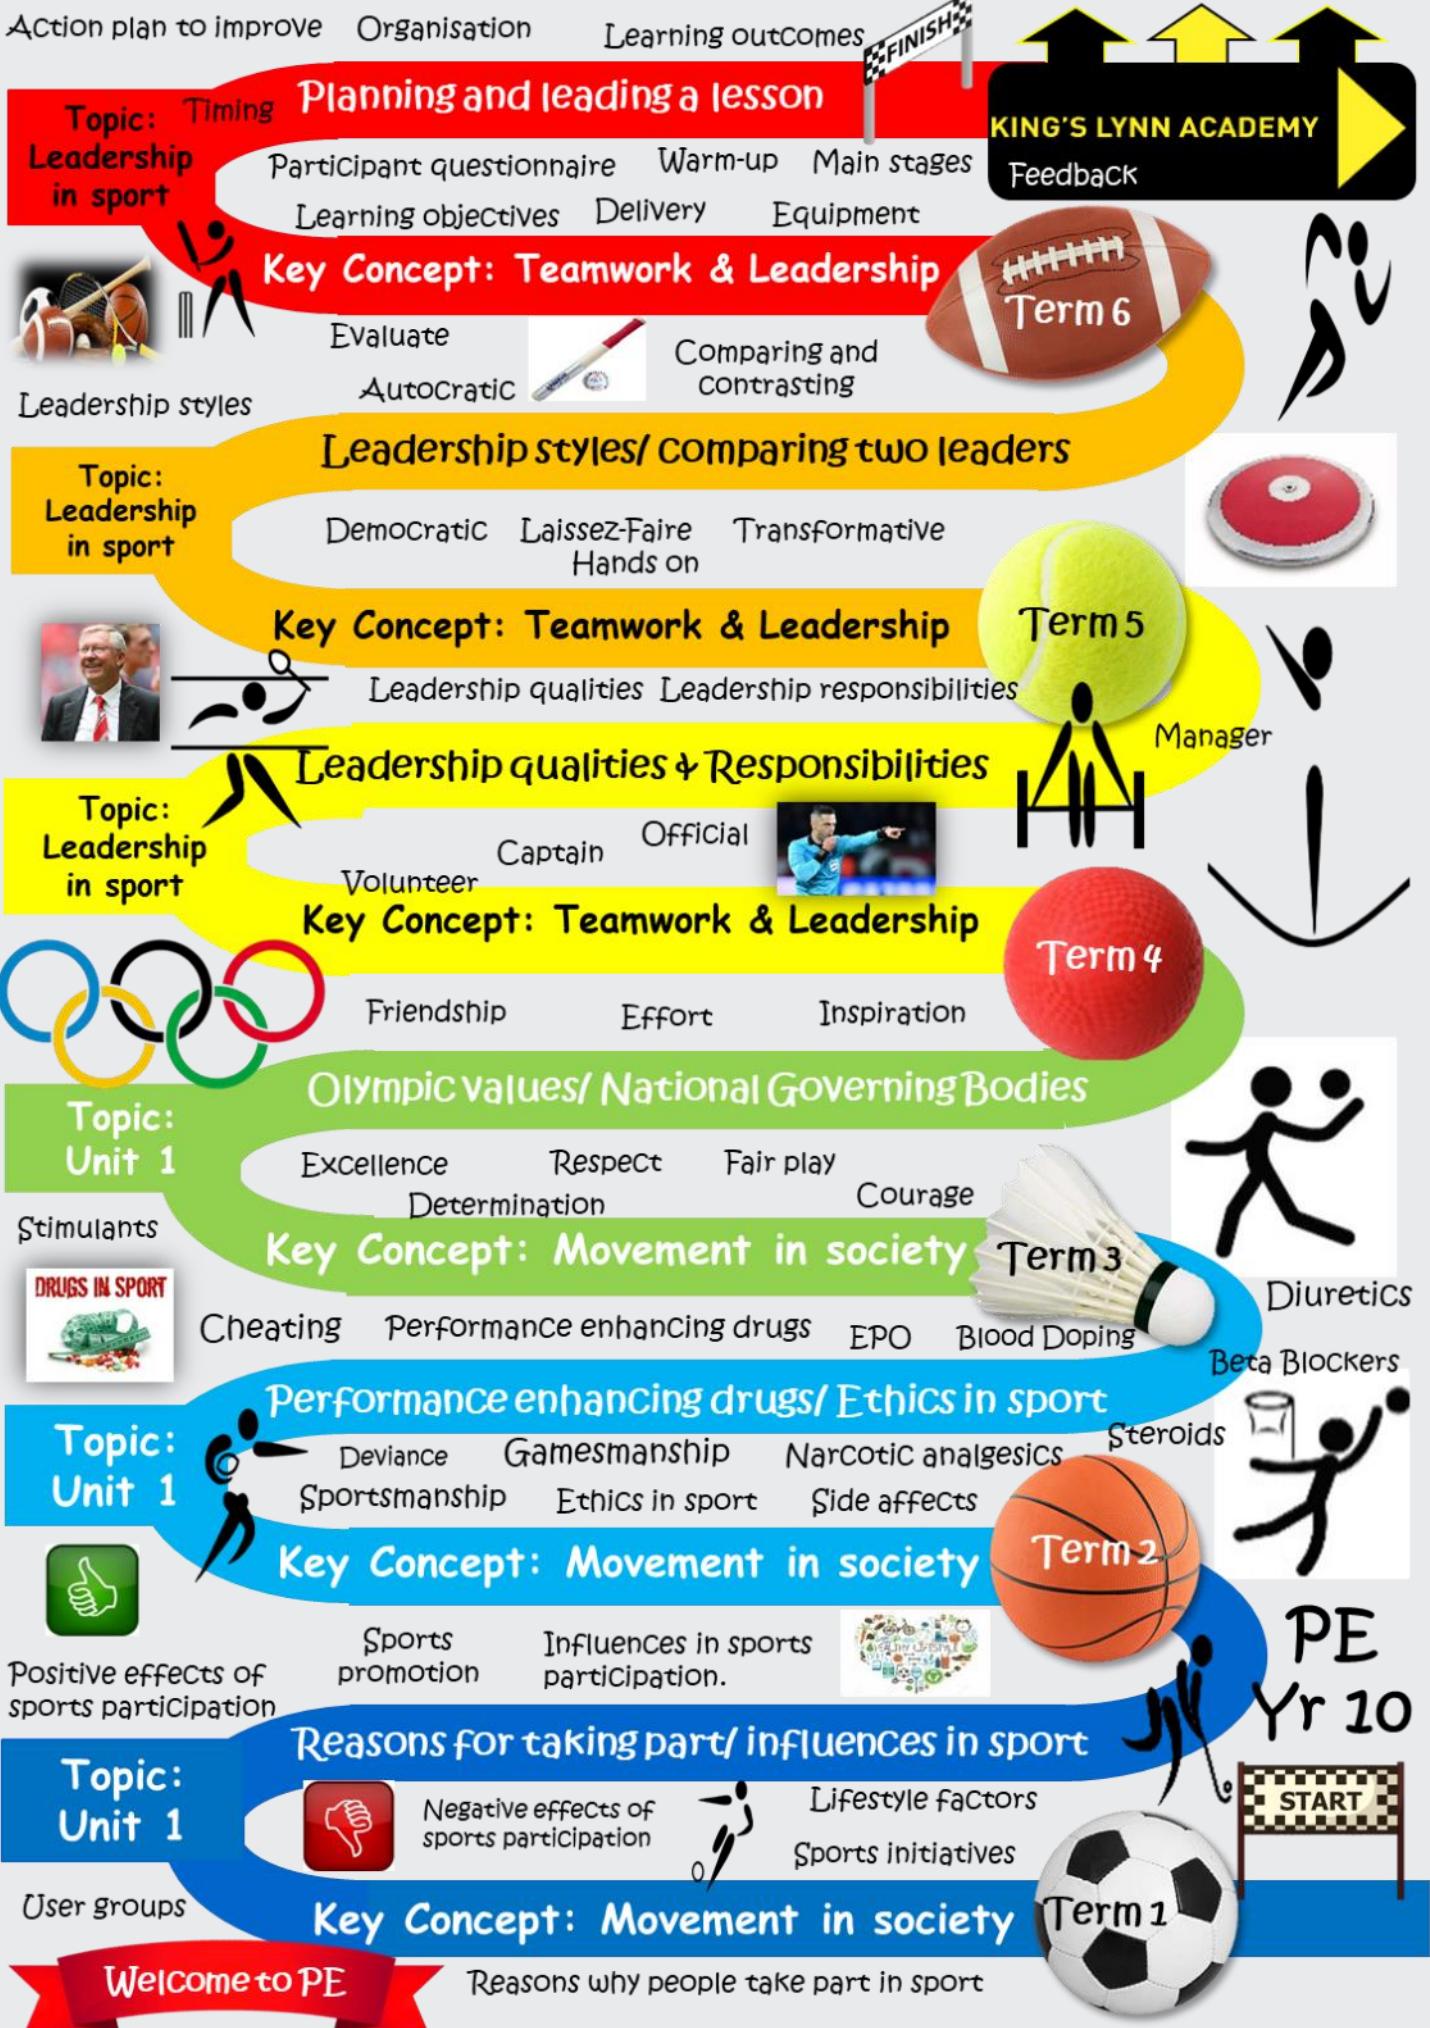

Answer these questions in German:

Wohin fährst du gern auf Urlaub?

Was hast du letztes Jahr im Urlaub gemacht?

Was findest du besser, Urlaub mit Freunden oder mit der Familie und warum?

SPORT STUDIES - R186

Topic 1 - Different Sources of Media That Cover Sport

Digital Sources & Social Media

Broadcast Media

Print Media

Topic 2 - Positive Effects of the Media on Sport

Golden Triangle

Promotional Opportunities for Individuals

Using Money Generated by Sponsors

Topic 3 - Negative Effects of the Media on Sport

Widening Divide in Sport

Prize Money & Pay

Body Image

TOPIC AREA 1

Different sources of media that cover sport

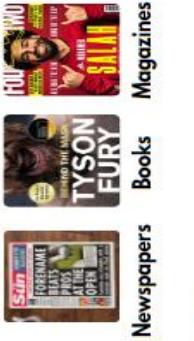

Digital & Social Media

Social Media

Websites

Print Media

Broadcast Media

Streaming Platforms

SPORT STUDIES R186

The media have the ability to increase engagement in minority sports:

Social media influencers who post about sport will be encouraging others to participate. They can also speak out about the benefits of sport and exercise.

Cristiano Ronaldo has over 100 million followers on Twitter.

TOPIC AREA 2

Negative Effects of the Media on Spectators

Some events can only be streamed live via subscription or pay per view channels.

Ticket prices are now much higher due to sport being heavily commercialised.

There are heavy links between attendees at sports events and gambling.

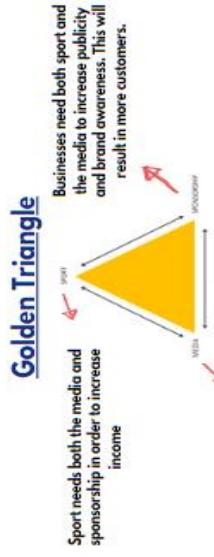

TOPIC AREA 3

Wages for performers across sports will differ greatly

Top Rugby Player - Average wage of £90000 per year
Top Hockey Player - Average wage of £30000 per year
Top Football Player - Average wage of £50000 per week
Top Netball Player - Average wage of £10000 per year

The media needs sport in order to attract viewers and attention. The media needs business/sponsorship to increase revenue via paid ads (e.g. at half-time during a football match)

The media's role in increasing participation:

1. The media increases the profile of sports through broadcasting. Therefore more role models are created and more people wish to take up sport
2. The media gives huge amounts of money to sport to gain broadcasting rights. This money can be given to grassroots sport in order to get more people participating

Knowledge Checklist

Unit R186 – Sport and the Media

Coursework 20%

1	Distinguish between different media sources and how they cover sport			
2	Recall digital and social media sources			
3	Recall different forms of broadcast media			
4	Recall different print media sources			
5	Positive relationship between media and sport :			
6	Participation			
7	Raising profile of the sport			
8	Education			
9	Revenue			
10	Negative effects of the media in sport :			
11	External factors affecting decline in live spectatorship			
12	Ethical appropriateness of sponsors			
13	How the media is assisting a widening wealth divide in sport			
14	Impact of wider global issues on sport/performers and spectators			
15	Media demands affecting sport fixture scheduling			
16	Coverage of inappropriate behaviour			
17	Rejection of sporting heroes			
18	Scrutiny and criticism of participants			
19	Increased pressure on athletes to look a certain way and links to mental health

(Coursework unit)- 50% of Final Grade

Welcome back to KLA your Journey continues

Year 10/11

Graphics Revision Booklet

Exam Layout

- You will be given your brief at the start of the exam

Time allowed: 10 hours

Total marks: 90

- Complete the information required above.
- Read the tasks carefully.
- You **must** hand in all of your work to the Invigilator between each external assessment session.
- Make sure your work is labelled clearly with your name, Centre name and number and learner number, and written work is securely attached to this answer booklet.
- You might like to use the checklist at the end of this document to check all your work has been completed.
- All of the work you submit **must** be your own.
- You **must** attempt all tasks.
- The marks available for each task are shown in brackets.

Do not turn over your paper until the Invigilator tells you to.

MUST READ QUESTION
CAREFULLY AND LOOK AT THE
MARKS ALLOCATED

How marks could be broken down

- Initial ideas - link to the brief: **Task 1 (18 marks)**

It's recommended that you spend around 2 hours on this task.

- Experimentations – By hand and on computers: **Task 2 (27 marks)**

It's recommended that you spend around 3 hours on this task.

- Final Design – By hand or on computer: **Task 3 (36 marks)**

It's recommended that you spend around 4 hours on this task.

- Evaluation – link to key words / brief and client – on paper or digitally

Task 4 (9 marks)

It's recommended that you spend around 1 hour on this task.

Examples of mark scheme

- Initial ideas linking to the brief

AO1	Identify graphic design possibilities					
Task 1 18 marks 20%	1-3	4-6	7-9	10-12	13-15	16-18
<ul style="list-style-type: none"> Identify what the client has asked you to do. State which is your chosen option. You should consider: <ul style="list-style-type: none"> - the final outcome - what the client wants you to communicate - the target audience for the graphic design. Generate some first ideas. 	<p>Inconsistent link(s) between the requirements of the brief and first ideas.</p> <p>May be inaccurate and not meet all of the requirements.</p>	<p>Consistent link(s) between the requirements of the brief and basic first ideas.</p> <p>May be inaccurate and not meet all of the requirements.</p>	<p>Satisfactory link(s) between the requirements of the brief and first ideas.</p> <p>May be inaccurate and not meet all of the requirements.</p>	<p>Good links between the requirements of the brief and considered first ideas.</p> <p>Will be accurate and meet most of the requirements.</p>	<p>Very good links between the requirements of the brief and considered and effective first ideas.</p> <p>Will be accurate and relevant and meet most of the requirements.</p>	<p>Excellent links between the requirements of the brief and effective and insightful first ideas.</p> <p>Will be accurate and relevant and meet all of the requirements.</p>

- Experimentations

AO2	Explore ideas and experiment with graphic design components					
Task 2 27 marks 30%	1-5	6-10	11-15	16-20	21-25	26-27
<p>Explore and experiment with graphic design components to refine your ideas.</p> <p>As your ideas develop, you need to consider:</p> <ul style="list-style-type: none"> how the graphic design components will work with your chosen option how you will make sure that your graphic design will communicate the values of your client (young, fun, yum!). <p>Graphic design components:</p> <ul style="list-style-type: none"> colour tone line composition typography use of imagery. 	<p>Inconsistent exploration and experimentation with some graphic design components, which lacks direction and consistent connections to the requirements of the brief.</p> <p>Ideas can lack direction and clarity.</p>	<p>Consistent exploration and experimentation with some graphic design components, which lacks direction and limited connections to the requirements of the brief.</p> <p>Ideas show some evidence of development and refinement.</p>	<p>Satisfactory exploration and experimentation with some graphic design components evident, which shows process and development with some connections to meet the requirements of the brief.</p> <p>Ideas show evidence of satisfactory development and refinement.</p>	<p>Good exploration and experimentation with all 6 graphic design components, which shows skill, direction and connection to the requirements of the brief.</p> <p>Ideas show evidence of good development and refinement.</p>	<p>Very good exploration and experimentation with all 6 graphic design components, which shows skill, direction with relevant connection to the requirements of the brief.</p> <p>Ideas show evidence of very good development and refinement.</p>	<p>Excellent exploration and experimentation with all 6 graphic design components, which consistently reference the requirements of the brief.</p> <p>Ideas show evidence of excellent development and refinement.</p>

- Final Design

AO3	Produce a completed graphic design(s)					
Task 3 36 marks 40%	1-6	7-12	13-18	19-24	25-30	31-36
<p>You must now produce a completed graphic design which meets your client's brief.</p> <p>Technical skills Use of materials and application of processes, including:</p> <ul style="list-style-type: none"> physical - proficient control of investigation and command of materials/processes digital - proficient control of digital manipulation and command of digital tools. 	<p>Completed design shows little understanding of the requirements of the brief.</p> <p>Basic use of graphic components but minimal skill evident.</p>	<p>Completed design shows consistent but limited understanding of the requirements of the brief.</p> <p>Some use of graphic components but limited skill evident.</p>	<p>Completed design shows a satisfactory understanding of the requirements of the brief.</p> <p>Satisfactory use of graphic components some skills evident.</p>	<p>Completed design shows good evidence of meeting the requirements of the brief.</p> <p>Good use of graphic components and good level of skill evident.</p>	<p>Completed design shows very good evidence of meeting the requirements of the brief.</p> <p>Very good use of graphic components and very good level of skill evident.</p>	<p>Completed design shows excellent evidence of meeting the requirements of the brief.</p> <p>Graphic design components are combined exceptionally well to create a design which is successful in all aspects.</p> <p>Excellent level of skill evident.</p>

• Evaluation

AO4 Task 4 9 marks 10%	Evaluate graphic design decisions						
	1	2	3	4-5	6-7	8-9	
Your manager wants you to provide an explanation of your choices for the client. Produce a review of your graphic design work. In your review, you need to consider: <ul style="list-style-type: none">• your choice of graphic design components• how you used graphic design components• any changes that you made from your first ideas, and your reasons for these changes• how well your graphic design meets the requirements of the brief• how your graphic design communicates the values of your client (young, fun yum!).	General conclusions about the use of graphic design components.	Some simple conclusions about the use of graphic design components.	Some simple conclusions about the appropriate use of graphic design components.	Detailed conclusions about the appropriate use of graphic design components. This may not be consistently linked to the work produced.	Very good conclusions about the appropriate use of graphic design components. Justifications for selections are linked to the work produced.	Excellent conclusions about the final design including technical skills, appropriate graphic design components and justifications of selections clearly linked to the chosen design option.	Excellent description of processes used to resolve challenges presented by the brief in the final design.

Keywords (Graphic Design Components)— Must be used in all your Analysis

Colour	Is caused by light. When light shines on an object some colours bounce off the object and others are absorbed by it. Our eyes only see the colours which are bounced off or reflected.
Tone	Refers to the lightness and darkness of a colour. There are shadows, highlights and a range of tones in between
Line	Is used to add style, enhance, create forms and divide space. It may be curved, dotted, zig zag or straight.
Composition	Is the arrangement, position, size and rotation of different elements of a design.
Typography	Is the lettering on the design.
Imagery	Imagery can take many forms including simplified and stylised imagery and photographs.

What can I write about.....

Colour ?

Explain even more than is suggested if you think you can!

- How would you describe the colours.....primary, secondary, complementary colours, analogous colours, cool colours, warm colours?
- Talk about colour meanings.....why have certain colours been used, what message or feeling is being portrayed.
- Is there a link between the images chosen and the colours used?
- Would you change certain colours in certain positions and why.

Describe and explain everything in lots of specific detail!

What can I write about.....

Line?

Explain even more than is suggested if you think you can!

- How would you describe the line work in the design?.....Are the thicknesses of the lines all the same?
- Does the thickness of the line vary, if so where and why?
- Are there specific parts of the design that use different line thickness?
- What is the colour of the line work and why do you think this is?
- Are the lines straight, curved, dashed, dotted or any other?
- Are the lines used to create imaginative images or characters?
- Are the lines vertical, horizontal, used to divide a page, used to create geometric shapes?

Describe and explain everything in lots of specific detail!

What can I write about.....

Tone?

Explain even more than is suggested if you think you can!

- What is tone?
- Is tone used in the design and if so how?
- Is it used to give certain objects added depth and a more 3D appearance?
- Are there specific features or parts of the design which show tone and why do you think this is so?
- Is there any use of monotone?
- Is the tone in the form of horizontal or vertical gradient line, is it radial or angled ?
- Are there any shadows or reflection?

What can I write about.....

Composition?

Explain even more than is suggested if you think you can!

- How would you describe the composition and layout of the design?
- Is there a focal point?
- Are there numerous different images or is there duplication?
- Have some of the features been rotated, if so how?
- Have the sizes of some of the features been adjusted, if so how?
- Have leading lines been used?
- Has the 6 box grid technique been used where certain features are either positioned on the dividing lines or the line intersections?
- How much empty background space is there? What is your opinion on this?

What can I write about.....

Imagery?

Explain even more than is suggested if you think you can!

- How would you describe the imagery in the design?....Is it in the form of photographs, simplified imagery, stylised imagery, silhouettes, clip art, realistic detail?
- Does the style of the imagery reflect the target audience of the design? If so how?
- Is the imagery in full colour, muted colours or greyscale?
- Is the imagery in full focus?

What can I write about.....

Typography?

Explain even more than is suggested if you think you can!

- How would you describe the typography in this design?....Is it Sans Serif, Serif, Script, Decorative/freehand? Can you identify the specific font style? What impression does the font style give to others? Are the letters upper case, lower case or a combination of both?....if so explain how they have combined the two. What is the colour of the typography? Does it vary? Is there single or double line spacing? Has kerning been applied? Does the height or width of the letters or words vary at all or is it consistent? Is the text horizontal or vertical?

SERF

San serif

Highlight the key words (design Components) in a different colour to show the examiner you are including them

The colour used in the piece is mostly blue and red, I like that there is only two colours that have been used the most in the poster as the piece doesn't look too busy. The bright colours give the piece a happy mood.

The composition in the piece is quite simple with the book in the middle of the poster and drawings from the book around it. I like this because it makes the book the main focus of the poster as it is in the middle.

Line is used in this poster to line up the typography of the book and the typography at the top of the poster. the line used in the pictures as an outline of dark colour to define the pictures.

The typography used in the poster is quite simple, but I feel that it still stands out because the typography at the top of the poster is darker than the rest of the background of the poster. The typography at the bottom of the poster is a very simple font but it stands out as there is a red banner behind it and the main font is white so it stands out against the dark red.

The imagery used in the poster is a picture of the book and some sketches that are included in the book. The layout of the sketches that are in the book is quite simple they are just placed randomly around the main image of the book in the middle. Although the sketches are placed randomly on the poster, it still looks neat as it highlights the main book.

The tone used in the poster is in the choices of colours next to each other. The dark blue book is placed in front of a very light blue so there is a contrast with the colours, so the book stands out.

Evaluation

First I inserted an image of the animal of my choice. I used a simple photograph in high quality so it isn't blurry and I did it as a close up of its face and more towards the right hand side so I could fit writing in on the left hand side/bottom as I don't want to cover the face, the colours in the image are quite muted I haven't chose an image with a wide range of colours, I was going for a very realistic photo and I feel this photo, and the gorilla in it, look quite sad so it could make readers feel sympathetic as it is a critically endangered species. Because this image is very realistic and its not very bright/colourful it targets an older audience rather than young children. I used the text tool for the writing. For the majority of the typography I used the font Patrick Hand SC to make it look more fun/handwritten which makes it look personal as if the magazine was for the reader. I made the title in the font Nixie One to make it look more smart/casual and attract older people. I used white for the typography, because black was too dark and I didn't use bright colours as they didn't go with the photo, I felt white looked the best. For composition I used the gorillas face as the focal point and then place all the writing around the edges. Tone is the lights and darks of an image, and I think tone has been used on the image of the gorilla to make it look realistic/3D. I feel I haven't used many things linking with line, I have used line to separate and layout the typography.

LO2: Annotation

You

Take frequent screen shots and photos of your work to prove you did it

- **What colours have you used and why? What do they mean? Where do they link to? Moodboard?**
 - Same for Typography, Imagery, Shape, Line
- **If it is experimentation then how will you use it in a design.**
- **What does the design look like? (natural, party, jazzy, silly, serious) and why have you done this?**
- **Does the design meet your brief and if so how?**
- **What will you do to develop your design to make it meet the brief even better?**

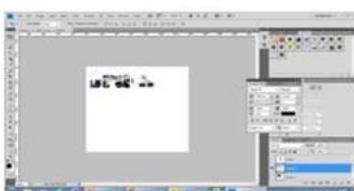

Step by Step Evidence

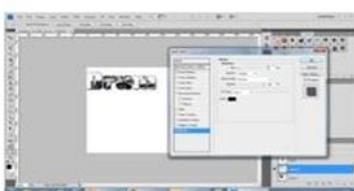

Text Tool – I used the text tool to write the word drum and selected curved informal font which is represented on my moodboard for Reggae Music

Selection Tool – I used the magic wand to select all of my text. I picked the magic wand as the text is only one colour.

Selection Tool/Layers – I used the selected area in the shape of the letters to select an area the same shape from the drum kit image. I could have made this part of the layer

Blending Options – I used blending options to give the text a drop shadow and a stroke around the outside. Without the stroke the image struggled to give the required contrast as the image had some white areas.

Distinction: Describes the processes involved and identifies what went well/not so well and any opportunities for development

Learners can describe the processes used to create their work, the purpose and impact and their effective use of resources

The learners describe how they approached and resolved the challenges presented by the brief. Learners can identify some of what went well/not so well in relation to the design brief, this will be sufficiently detailed

The learner describes opportunities for development or improvement of their graphic design

IS REALLY HIGH

THE LEVEL OF EVIDENCE YOU NEED

Annotation Example

Distinction: Describes the processes involved and identifies what went well/not so well and any opportunities for development

Learners can describe the processes used to create their work, the purpose and impact and their effective use of resources

The learners describe how they approached and resolved the challenges presented by the brief. Learners can identify some of what went well/not so well in relation to the design brief, this will be sufficiently detailed

The learner describes opportunities for development or improvement of their graphic design

Typography – I have used a modern and bold font to fit with the bold style of reggae music and the wide bold fonts on the moodboard. The modern style also fits with the electronic aspect of dub step music. The font could be more rounded to represent the more natural feel of reggae in places which would help the design fit the brief more closely.

Colour – I have used black in the background as Dub Step is often related with dark nightclubs. The colour black also featured heavily on the reggae moodboard.

Layout – I have put the name in the centre of the CD cover as this was most commonly done in the existing products research. I have also misaligned the title to give the piece an informal feel which links with the both the Reggae and Dub Step feel.

Jam Step is the biggest text on the front as this should be read first and is most important. ‘Reggae and Bass’ is more of a description and is therefore smaller. This was done in the existing products research and is therefore a convention in CD cases and should feature on mine.

Line – I have used a natural line which is neon green in colour as I feel this links with some of the images on my Dub Step moodboard. It links to laser lights and the natural movement of people dancing in a club. I possibly could have used colours more associated with Reggae as well as this seems to linked to Dub Step.

Shape – The shapes are very organic which link very well to the Reggae aspect of the brief. There are many curves and non geometric shapes are made between the curves. While Dub Step is an electronic music type, the bass is flowing and oscillates up and down which could be reflected by these shapes. To develop this I could possibly include some geometric aspects to the piece. However the double helix shape from the bazooka does fit the geometric bill a little and links to some of the shapes in my experimentation for Dub Step.

Imagery – I have used stereotypical reggae imagery of a man with dreadlocks. This featured heavily in my moodboard, experimentation and existing product research. I feel I could have used a female image to try and break the all male trend however. The pony and bazooka is related to Dub Step as it is a mystical animal shooting what looks like sound waves very loudly out of the cannon. The colours are closely associated with my experimentation boards and the speaker style cannon relates nicely to the bass-heavy music.

LINK EVERYTHING TO THE BRIEF

THE LEVEL OF EVIDENCE YOU NEED

Chalky

Chalky

Use the pencil to colour the wheel with the correct colours

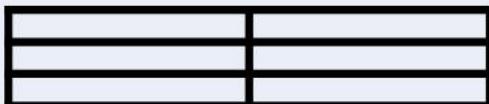

Tone

Fill boxes with a tonal colour scheme. One colour, different tones.

Complementary Colours

Fill adjacent (next to each other) boxes with the three pairs of complementary colours

Line

Line is the most basic and most commonly used element in graphic design

It can be used to...

Create expression or emphasis in a graphic design

To separate, order, define, border space

Lines can be: broken, made of objects, made of words or any other image. Draw two of your most creative lines below to join the A and B points

A

B

A

B

Use line to border this logo in an imaginative way. Then use line to draw attention and give emphasis to the word Ralph.

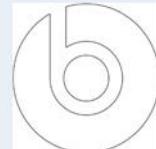

Use lines to write your initials like the IBM Logo

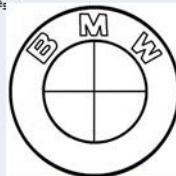

Write the words 'Catch it, Bin it, Kill it' and use line to separate, and border the space

The Meaning of Colour

- Red – Energetic, fun, passionate, love
- Orange – Sunny, happy, creative, energetic
- Yellow – Happy, youthful, cheerful
- Green – Eco friendly, natural, calming, money
- Blue – trustworthy, reliable, calm, secure, water, cold
- Purple – royal, luxurious, cool, wise, stylish
- Pink – feminine, soft, energetic
- Brown – rustic, earthy, balanced, warm
- Black – elegant, powerful, classy, formal, scary, death
- White – pure, innocent, faithful
- Grey/Silver – balanced, neutral, calm
- Gold – money, royal, luxury, extravagant

Make the beats logo look natural and happy. Rather than fun and exciting like it normally does

Make the BMW logo look soft, fun and youthful. Not trusted, reliable and elegant as it normally does

Make the Chupa Chups logo look elegant and luxurious, rather than fun, happy and youthful

Success Criteria:
Careful, consistent colouring
Use the colour explanations to correctly colour your words
Use images which are associated with your brand feel

Shape

Shapes come in different styles. In Graphic design there are two main styles. Draw some of the shapes below.

Geometric	Organic
Meaning: Solid, strong and rigid	Meaning: Soft, natural, relaxed and calming

Design a logo for an outdoor restaurant called Al Fresco, use the correct style of shape

Design a logo for a company which makes parts for cars called GEARS LTD

What do you think our logo says about the company?

Select one of the Graphic design line pictures. Describe and explain the use of line in your chosen picture.

Describe and explain the typography in this piece of Graphic Design

Describe and evaluate both the colours, composition and imagery chosen for this Graphic Design.

Be creative in your use of Typography

- Using different styles of writing, create fonts for the following words:
- WATER
- FIRE
- STAR
- Be creative

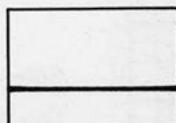

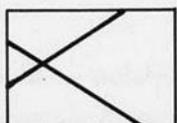

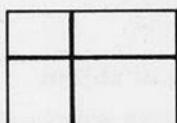

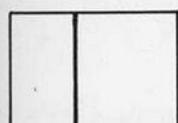

Using Lines and Composition

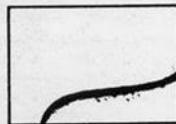

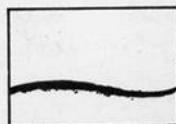

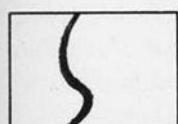

Let us begin with simple distribution of space.

1 The equal distribution of space has the monotony of hitting the same note on a piano, its interest is equally divided, much like repeating your name without changing your voice — it has a rather mechanical appearance.

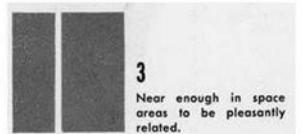

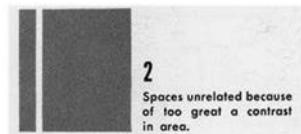

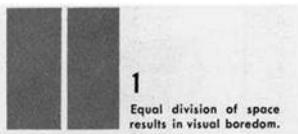

2 Now we have divided the space more unequally. The areas are no longer the same, it is more like changing your voice and adding a few words — or some extra notes to the original note on the piano. Observe that we have not changed the lines, only their position on the picture space.

3 We now take the same lines as above and give them movement. The areas now begin to intrigue the imagination — this is dividing space as design. Don't you find this group more interesting than the first two?

4 Now we have added tone to the different areas, balancing the weight of interest in each case with an added form. A small element of great interest will balance much larger elements of lesser interest.

• Look at the 4 steps going down and create your own

Sketch development

Here I have tried to incorporate an Indian inspiration to the violin, to represent the merge of the two cultures and music. To do this I photographed a section of the mehndi pattern I drew on my experimentation board and used duplicate layer to create a repeat pattern. The result is extremely effective and fits the clients needs around imagery.

Here I have created an edit of my original violin drawing using Adobe Photoshop I have applied a cream colour to the background to represent how classical music started many years ago. I then selected the violin and applied a threshold effect to make the image more bold and the outlines more defined.

Learners must :

Complete one piece of coursework worth 60% of the final grade

The coursework is broken down into sections and culminates in a 2 course meal

Level 1 & 2 Hospitality & Catering

LO1 – understand the importance of nutrition when planning menus

AC1.1 – Describe functions of nutrients in the human body

AC1.2 - Compare nutritional needs of specific groups

AC1.3 – explain characteristics of unsatisfactory nutritional intake

AC1.4 – Explain how cooking methods impact on nutritional values
Boiling, steaming, baking, grilling, stir fry, roasting, poaching.

LO2 – Understand menu planning

AC2.1 – Explain factors to consider when proposing dishes for menus

AC2.2 – Explain how dishes on a menu address environmental issues

AC2.3 – Explain how menu dishes meet customer needs

AC2.4 – Plan production of dishes for a menu

4	Presentation skills in food			
5	Using a range of ingredients and equipment to successfully make			

High Flyers - Enrichment Task

Students will apply their knowledge and complete a range of exam questions from past papers

Year 10 (45 Lessons)

Learners must be able to:

- Develop ideas through investigations, demonstrating critical understanding
- Refine work by exploring ideas, selecting and experimenting with material and techniques
- Record ideas, observations and insights relevant to intentions
- Present a personal and meaningful response that realises intentions

Artists

Georgia O'Keeffe
Margaret Keane
Juan Gatti
Amy Scholten
Chris Morgan
Leonardo Da Vinci
Trisha Thompson

Knowledge Questions

Below are a series of questions.

Use these to apply your knowledge and practice.

Easy

When doing your tonal drawing, how do you create accurate proportions?

Name an artist which explores identity

What is primary research?

Medium

What is the difference between primary research and Secondary research?

Explain how your chosen artists link to the theme of identity

What are the formal elements of art and why do artists need to master them?

Hard

Write a critical analysis on one image from your chosen artist. In this you must explain and describe the Tone, Shape, colour and composition Do this task in your sketchbook after your artist research page or tonal page.

What are the 5 golden rules which need to be included in your ideas for final piece mind map? Why are they important?

Explain the message behind your own work, and how does this link to your artist and over all theme?

Assessment Feedback and Improvements

Term 2

Theory and practical:
Preproduction
Documents

Visualisation diagrams, Mood boards, Mind maps, Storyboards, Scripts

Welcome to Year 10

Unit R081

Term 1

Year 10

Creative iMedia

R081 – Compulsory Unit

Learning Outcome 1: Understand the purpose and content of pre-production

Students will learn skills such as how to:

- ❖ Explain the purpose and uses for the preproduction
- ❖ Explain the content of: mood boards, mind maps/spider diagrams, visualisation diagrams, storyboards and scripts

Learning Outcome 2: Be able to plan pre-production

- ❖ Interpret client requirements for pre-production
- ❖ Identify timescales for production based on target audience and end user requirements
- ❖ How to conduct and analyse research for a creative digital media product
- ❖ Produce a work plan and production schedule

Learning Outcome 3: Be able to produce pre-production documents

Students must be able to:

- ❖ Create a: mood board O mind map/spider diagram O visualisation diagram or sketch O storyboard
- ❖ Analyse a script (e.g. scenes/locations, characters, resources and equipment needed).
- ❖ Explain the properties and limitations of file formats for still images • the properties and limitations of file formats for audio • the properties and limitations of file formats for moving images, i.e.: O video O animation • suitable naming conventions (e.g. version control, organisational requirements)

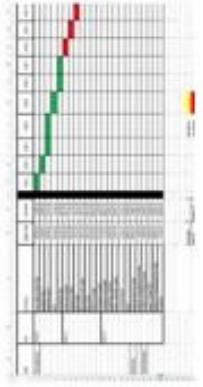

Learning Outcome 4: Be able to review a digital graphic

- Review a digital graphic against a specific brief • identify areas in a digital graphic for improvement and further development (e.g. cropping, rotating, brightness, contrast, levels, colour adjustment).

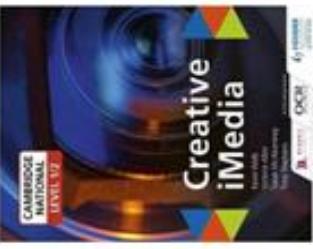

R082 – Creating Digital Graphics (Compulsory Unit)

Students must be able to:

- ❖ Understand the purpose and properties of digital graphics
- ❖ Be able to plan the creation of a digital graphic
- ❖ Be able to create a digital graphic

Book suggestion

Key Vocabulary

Tier 3

Saturation,
Visualisation diagram,
Mind map, Mood
board.

Tier 2

Layers, Web use, layout, copyright, hue

Tier 1
Review, client, purpose, audience, file, deadline, review

Welcome to your Personal Development Journey

Emotional Wellbeing

Religion & Human Rights

Things you need to be able to do:

- To understand what human rights are
- To be able to explain what UDHR & Cairo Declaration is
- To recognise what Prejudice & Discrimination is
- To know different types of exploitation
- To understand what wealth & poverty is
- To know the religious responses to having wealth
- To be able to explain how different religions provide for the poor
- To consider the ways that religious groups can benefit society

Key Questions:

- What are Human Rights?
- Why do we have Human Rights?
- What is Prejudice & Discrimination?
- What is exploitation?
- Why is there wealth and poverty in the world?
- Should we give to the poor?
- What do religions do to support the poor?
- What effect does wealth and poverty have in the 21st Century?

Tier 2 Vocabulary

- Human Rights** - A right which is believed to belong to every person
- Prejudice** - A pre-judgement that is made which isn't based on reason or actual experience
- Discrimination** - unfair treatment of different categories of people, especially in regards to age, race, sex or disability
- Morals** - What is right or wrong in human behaviour
- Fairness** - treatment without favouritism or discrimination
- Justice** - The principle that everyone receives what they deserve

Tier 3 Vocabulary

- Cairo Declaration** - Relates to Human Rights in Islam
- UDHR** - Universal declaration of Human Rights. 30 rights that every human needs to grow and flourish
- Exploitation** - Selfishly taking advantage of someone or group of people in order to profit or benefit from them

Year 10 PD

Knowledge Organiser – Summer

Careers & Post 16 Options

Things you need to be able to:

- Know what your post-16 options are
- Know what apprenticeships are
- Evaluate post-16 options
- Prepare for post-16 taster days
- Reflect on post-16 taster days

Key Questions

- Which post-16 option is best for me?
- What are the benefits of A Levels?
- What are the benefits of a vocational course?
- Is an apprenticeship right for me?

- Are T Levels better than A Levels?

- What will my chosen course lead to?

Tier 2 Vocabulary

- Post-16 - Education once you leave year 11. It usually lasts for 2 years
- Apprenticeship - employment with training
- T Levels - Level 3 course with 20% work experience
- A Levels - Level 3 courses of academic study

Tier 3 Vocabulary

- Child Sexual Exploitation (CSE)** - Someone taking advantage of you sexually, for their own benefit.

Human Rights

Things you need to be able to do:

- How some people gain power and control over others
- How to tell when a situation is unsafe, and set boundaries about what you want to do and don't want to do.
- To know the impact of stereotyping, prejudice, bigotry, bullying & discrimination on individuals and communities
- Be aware of the laws that help to protect young people's human rights in the UK.
- Understand how human rights work in practice.

Key Questions

- How are Muslims shown in the media
- What is meant by right wing views?
- Why do people judge people before knowing them?

Why do we need laws?

Tier 2 Vocab

- Prejudice:** judging someone without knowing them on the basis of what they look like or what group they belong to, for example all black people are good dancers.

- Discrimination** - when prejudices are acted upon resulting in the unfair treatment of someone

- Bigotry:** - Intolerance towards those who hold different opinions from oneself.
- Stereotypes:** thinking all people who belong to a certain group are the same and labelling them, for example all young people who wear hoodies are thugs.

Tier 3 Vocab

- Child Sexual Exploitation (CSE)** - Someone taking advantage of you sexually, for their own benefit.

Personal Development

Knowledge Questions

Below are a series of questions.

Use these to apply your knowledge and practice.

=

1. Name two reasons why people are living in poverty
2. Name two things a religious person should do with their wealth
3. Give two ways people gain power and control over other people
4. Name two laws that help protect young people's human rights in the UK
5. Give two post-16 options

+

1. Explain why freedom of religion is important
2. Explain two reasons why religious believers would help people in poverty
3. Explain two human rights
4. Explain two examples of prejudice
5. Explain two reasons why someone may choose a vocational course
6. Explain two benefits about T-Levels

*

1. 'Religious believers should give to charities that help the poor' Give arguments for and against
2. 'Everyone should have the freedom to follow whichever religion they wish to' Give arguments for and against
3. 'We all judge people no matter what' Give arguments for and against
4. 'Stereotyping happens automatically, there is nothing we can do' Give arguments for and against
5. 'A Levels are the best post 16 option' Give arguments for and against
6. 'Everyone should get vocational qualifications' Give arguments for and against

Year 10

7	Understanding and exploring how people can be exploited			
8	Understanding wealth and poverty, and the impact it has on society			
9	Religious responses to wealth and poverty			

High Flyers - Enrichment Task

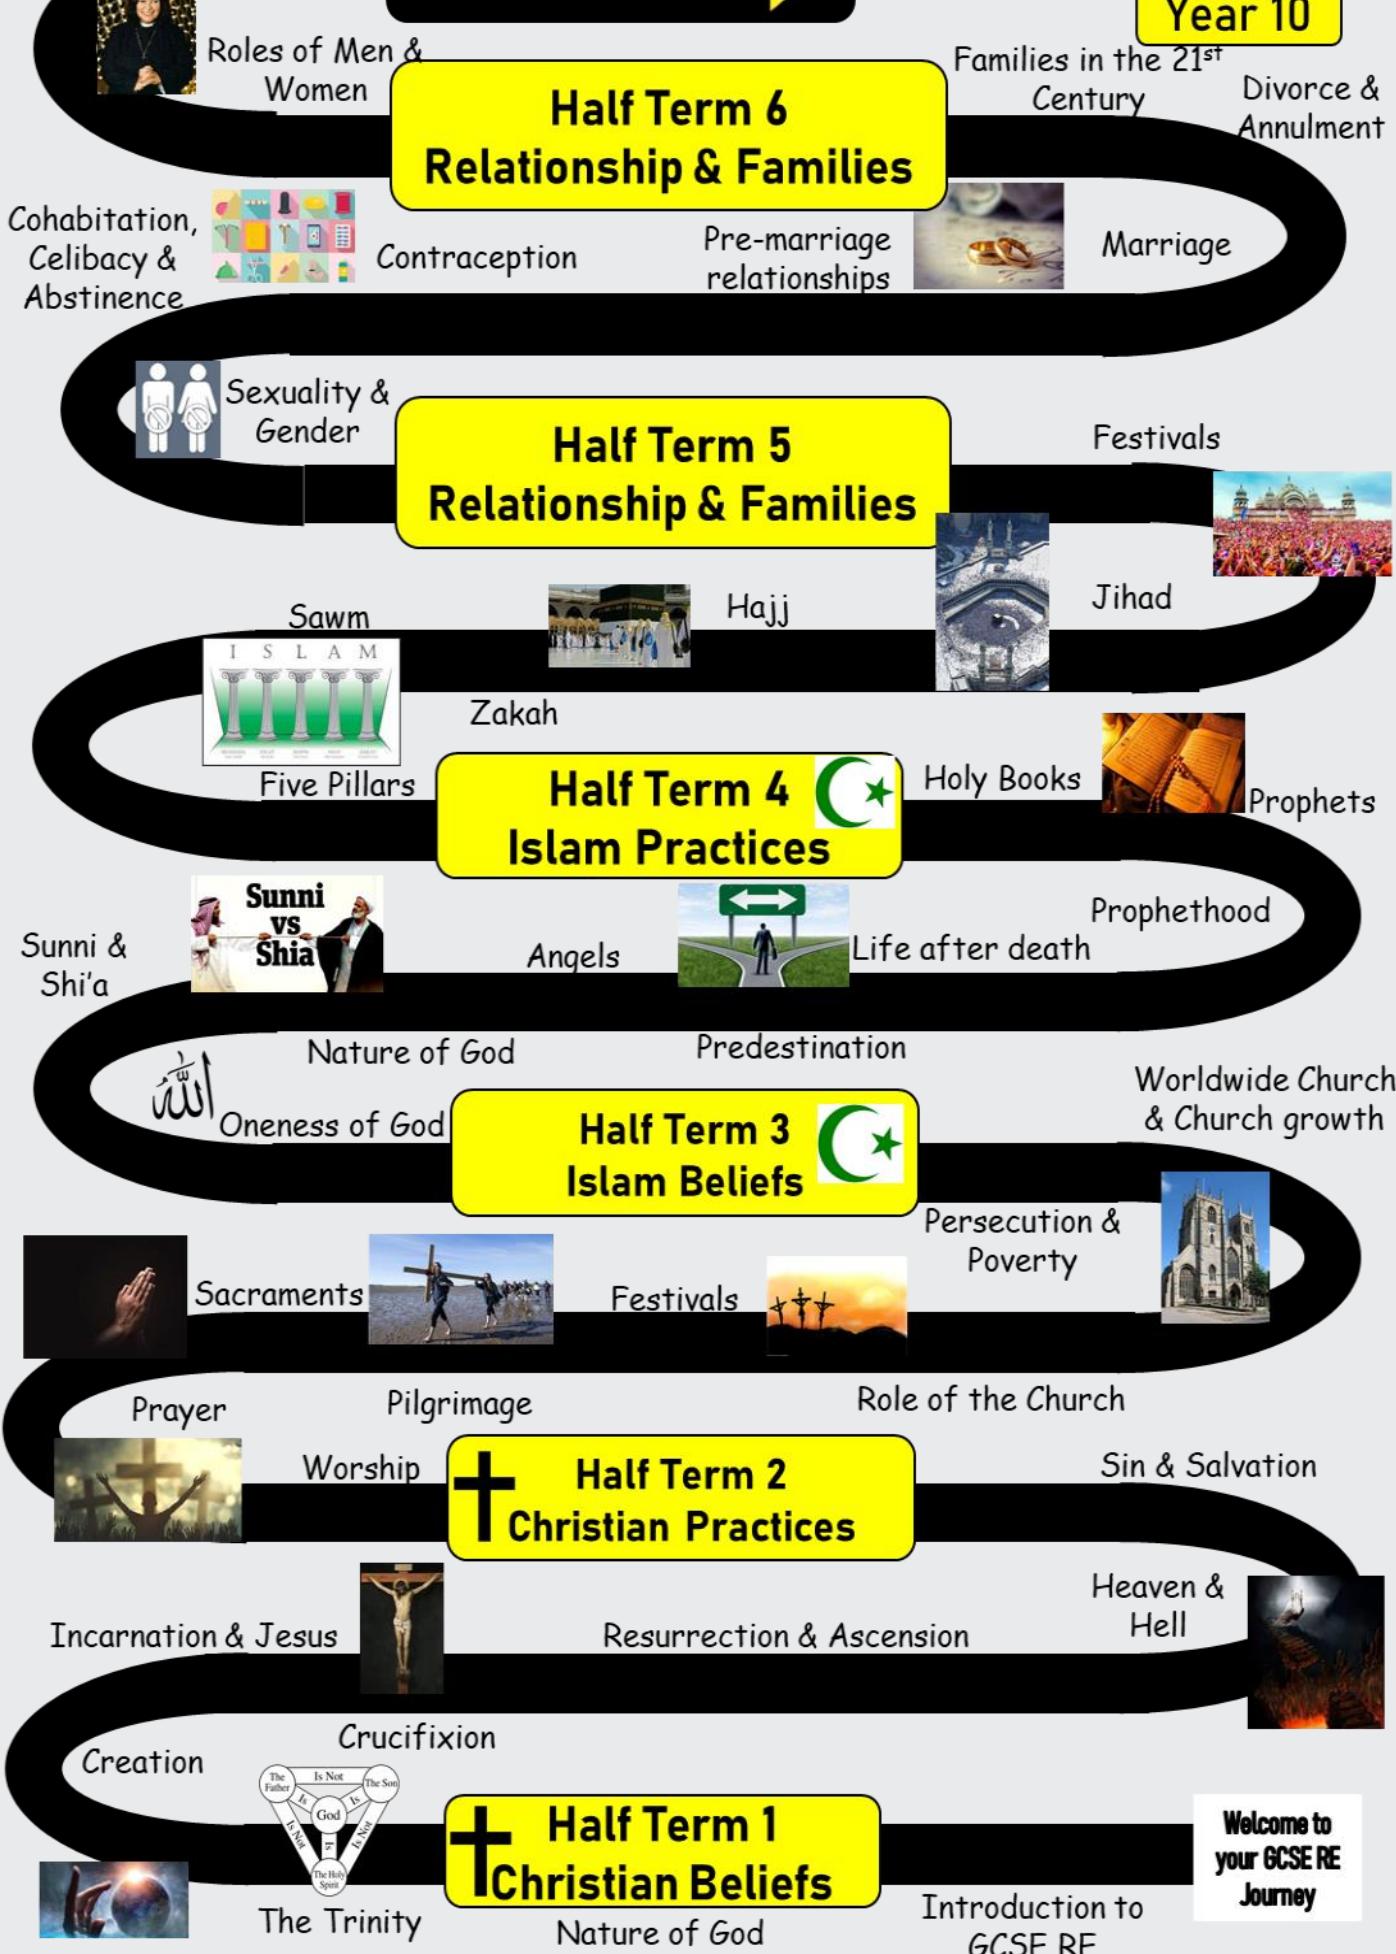

Looking at the Human rights choose 5 you think are most important and explain why

Discuss the following statement, giving for and against arguments

'Wealth and Poverty cause the most problems in the world'

Create a table comparing the different post-16 options & decide which you think is most suited to you

Year 10 GCSE RE - Summer

Islamic Practices

Things you need to be able to do:

To know they Five Pillars
Understand the Ten Obligatory Acts and the
To explain the importance of each of the Five Pillars
and there significance to how a Muslim lives
Understanding the meaning of Jihad

Know and explain the Islamic Festivals
Key Thoughts
Why are the Five Pillars important to a way a Muslim

lives?
What is Salat?
What is Sawm?

What is Zakah?
What is Hajj?
How does Jihad impact a Muslims life?

What are the key Islamic festivals and how are they
celebrated?
Tier 2 Keywords
5 Pillars - The core beliefs and practices of Islam
Mosque - Place of worship for Muslims
Mecca - The holiest city in Islam
10 Obligatory Acts - Important duties for Shi'a
Muslims

Tier 3 Keywords

Shahadah - Muslim declaration of faith
Salah - Prayer and worship of God
Sawm - Fasting in the month of Ramadan
Zakah - Giving a percent of savings a year to charity
Hajj - Annual pilgrimage to Mecca, that Muslims should
try and make once a lifetime

Tier 3 Keywords

Agape - Selfless unconditional love
Persecution - hostility and ill-treatment, especially because of race,
or political or religious beliefs
Liturgical - worship a church service which follows a set structure or
ritual
Mission - the calling of a religious organisation or individual to go out
into the world and spread the faith

Christian Practices

Things you need to be able to do:

To know they worship
Understand Prayer & Sacraments
Understand the importance of Baptism & Holy Communion
The importance of pilgrimage to Christians
Understanding how festivals are celebrated
Understanding the role of the church in local communities

Explain what mission and evangelism is
The significance of church growth
The importance of the world wide church
Understanding Christian persecution and poverty
Key Thoughts

Why do Christians worship and pray in different ways?
What is the significance of Baptism & Holy Communion?
What are the different places of pilgrimage?
How does the Church help the local community?
How does the church continue to grow and develop?

Tier 2 Keywords

Holy Communion/Eucharist/Mass - A service of thanksgiving in which
the sacrificial death and resurrection of Jesus are celebrated, using
bread and wine
Worship - acts or religious praise, honour or devotion
Prayer - communicating with God, either silently or through words of
praise, thanksgiving or confession, or requests for God's help or
guidance

Tier 3 Keywords

Agape - Selfless unconditional love
Persecution - hostility and ill-treatment, especially because of race,
or political or religious beliefs
Liturgical - worship a church service which follows a set structure or
ritual
Mission - the calling of a religious organisation or individual to go out
into the world and spread the faith

Year 10

GCSE RE

Knowledge Questions

Below are a series of questions.

Use these to apply your knowledge and practice.

<u>Christian Practices</u>	<u>Islamic Practices</u>
2 Mark Questions: 1. Give two forms of prayer. 2. Explain why someone might have a believers' baptism. 3. Give two reasons why Holy Week is important to Christians. 4. Give two reasons why some Christians disagree with pilgrimage.	2 Mark Questions 1. Give two reasons why the Shahadah is the first pillar of Islam. 2. Give two ways in which Muslims can give Zakah. 3. Give two objects/features that Muslims can use to know they are facing the right direction when they pray. 4. Name two pillars of Islam.
4 Mark Questions 1. Explain two contrasting Christian views about the importance of pilgrimage. 2. Explain two contrasting Christian views about the importance of reconciliation. 3. Explain two contrasting ways a Christian might perform Baptism. 4. Explain two contrasting ways in which Christians respond to persecution.	4 Mark Questions 1. Explain two contrasting ways in which Muslims celebrate the festival of Ashura. 2. Explain two ways in which belief in the importance of prayer influences Muslims today. 3. Explain two ways in which the actions of Prophet Ibrahim and his family are remembered on Hajj. 4. Explain two contrasting Muslim beliefs about why it is important to fast during Ramadan.
5 Mark Questions—Refer to sacred writings or another source of Christian belief and teaching in your answer. 1. Explain two ways in which Christians think worship is important. 2. Explain two ways in which Christians celebrate Easter. 3. Explain two ways in which Christians celebrate Christmas. 4. Explain two ways in which Christians respond to the word poverty.	5 Mark Questions—Refer to sacred writings or another source of Christian belief and teaching in your answer. 1. Explain two ways in which the Ka'aba is important in the Muslim Hajj (pilgrimage) 2. Explain two ways in which the celebration of the festival of Eid ul-Adha is important to Muslims. 3. Explain two ways in which Muslims view the Salah (prayer) as important. 4. Explain two ways in which Muslims celebrate Eid ul-Fitr.
12 Mark Questions 1. 'No child should be baptised.' 2. 'Pilgrimage is a waste of money.' 3. 'Christmas is the most important Christian festival.' 4. 'It is more important to help the poor than to worship in a church.'	12 Mark Questions 1. 'It is never right to fight in holy war.' 2. 'The best way for Muslims to understand God is to practise Salah.' 3. 'Completing the Hajj is the most important duty for a Muslim.' 4. 'For a Muslim the greatest act is to give Zakah.'

1. Look, Cover, Write, Check, Correct

Look, Cover, Write, Check, Correct

Common at primary schools

First
Look, then cover this column Next
try to answer/give definition/spell Now
Check to see if you were right Finally
Correct those you got wrong

Look	Write	Check	Correct
Noun	Person place or thing	☒	
Belief	Something you believe	✗	Accept true without proof
Algorithm	Alrithum	✗	Algorithm

2. Questions / Answers, Answers / Questions

Questions/Answers, Answers/Questions

Question; *In what year was George V's coronation?*

Answer; *1910*

Ask a parent, carer, study partner to write you questions (or answers) and you write the answer (or possible question that would correspond to that answer).

You can also write your own questions, but if you do this leave it at least a day until you answer them to see what you can remember after a while.

Always check and correct!

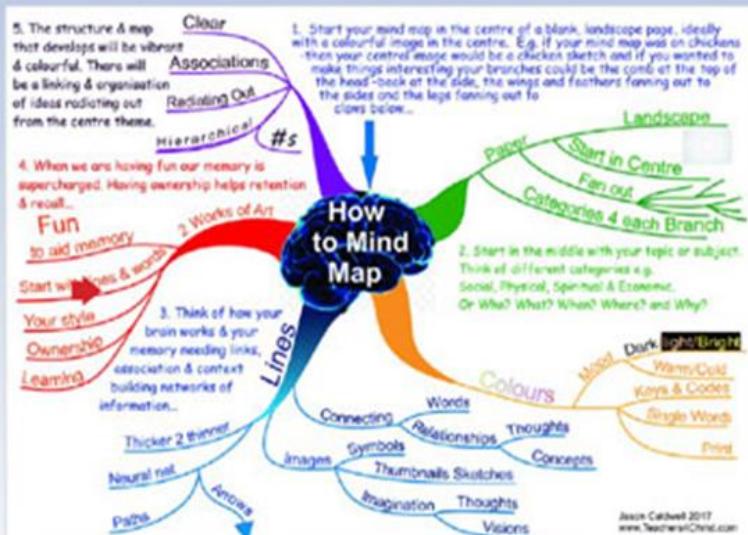

3. Map Your Mind

Mind Mapping is a process that involves a distinct combination of imagery, colour and visual-spatial arrangement. The technique maps out your thoughts using keywords that trigger associations in the brain to spark further ideas.

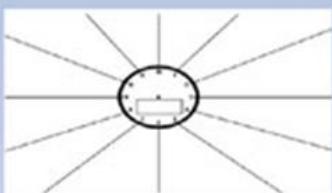

Once you have made your map, cover it and test yourself on different strands, eg. How much of the blue strand can you recall.

Mind Maps

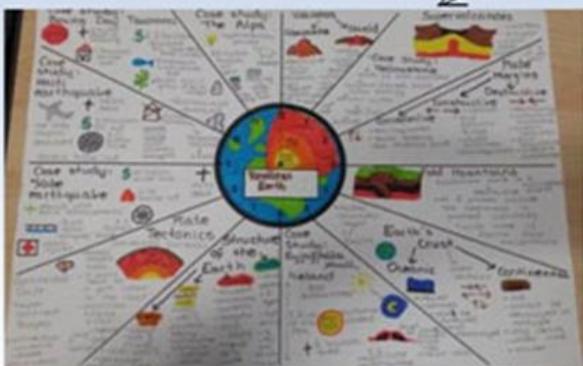

4. Clock Learning

Clock Learning

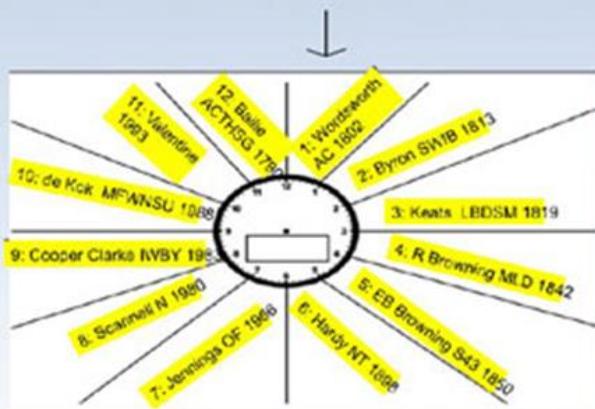

For this technique you draw a basic clock.

You can then take a subject or topic and break it down into 12 sub-categories. Make notes in each chunk of the clock. Revise each slot for 5 minutes, turn the clock over and then try to write out as much information as you can from one of the segments. Eg. all the information in the 2-3pm segment.

87

Use it to help visualise a timeline.

Further Optional Home Learning

From time to time pupils may wish to consolidate and strengthen their understanding independently, and we recommend pupils utilising the following e-learning resources:

Go4Schools is used to share information about progress during the year. It is also used to share homework and tasks set by teachers. Please visit Go4Schools regularly as all tasks will be set here.

GCSEPod is our preferred out of hour's platform for Year 10 and Year 11 English, Humanities and option subjects. However, it is also excellent for Maths and Science. GCSEPod have produced following parents' guides which will help you to support your child effectively.

hegartymaths

We have used HegartyMaths for two years now and recommend it without hesitation. It has a comprehensive series of video lessons followed by bespoke lessons. The skills are demonstrated through minimally different and carefully scaffolded worked examples. Pupils can revisit any concept to get deliberate practice over time to improve working memory and confidence. HegartyMaths is used by all pupils.

We have committed to using Tassomai to help prepare pupils for all of the science exams. It is an intelligent online learning program which helps pupils at all levels achieve outstanding results. It builds knowledge, boosts confidence and reduces exam stress.

Bitesize is the BBC's free online study support resource for school-age pupils in the United Kingdom. It is designed to aid students in both school work and exams. It is an outstanding resource for both Key Stage 3 and Key Stage 4 pupils and it can be accessed without having to log into an account.

SAM Learning is another award-winning online study service independently proven to raise attainment. Pupils can use the site to revise and test themselves using practice exam papers and test questions across more than 20 subjects, in a variety of different formats that are fun, engaging and challenging.

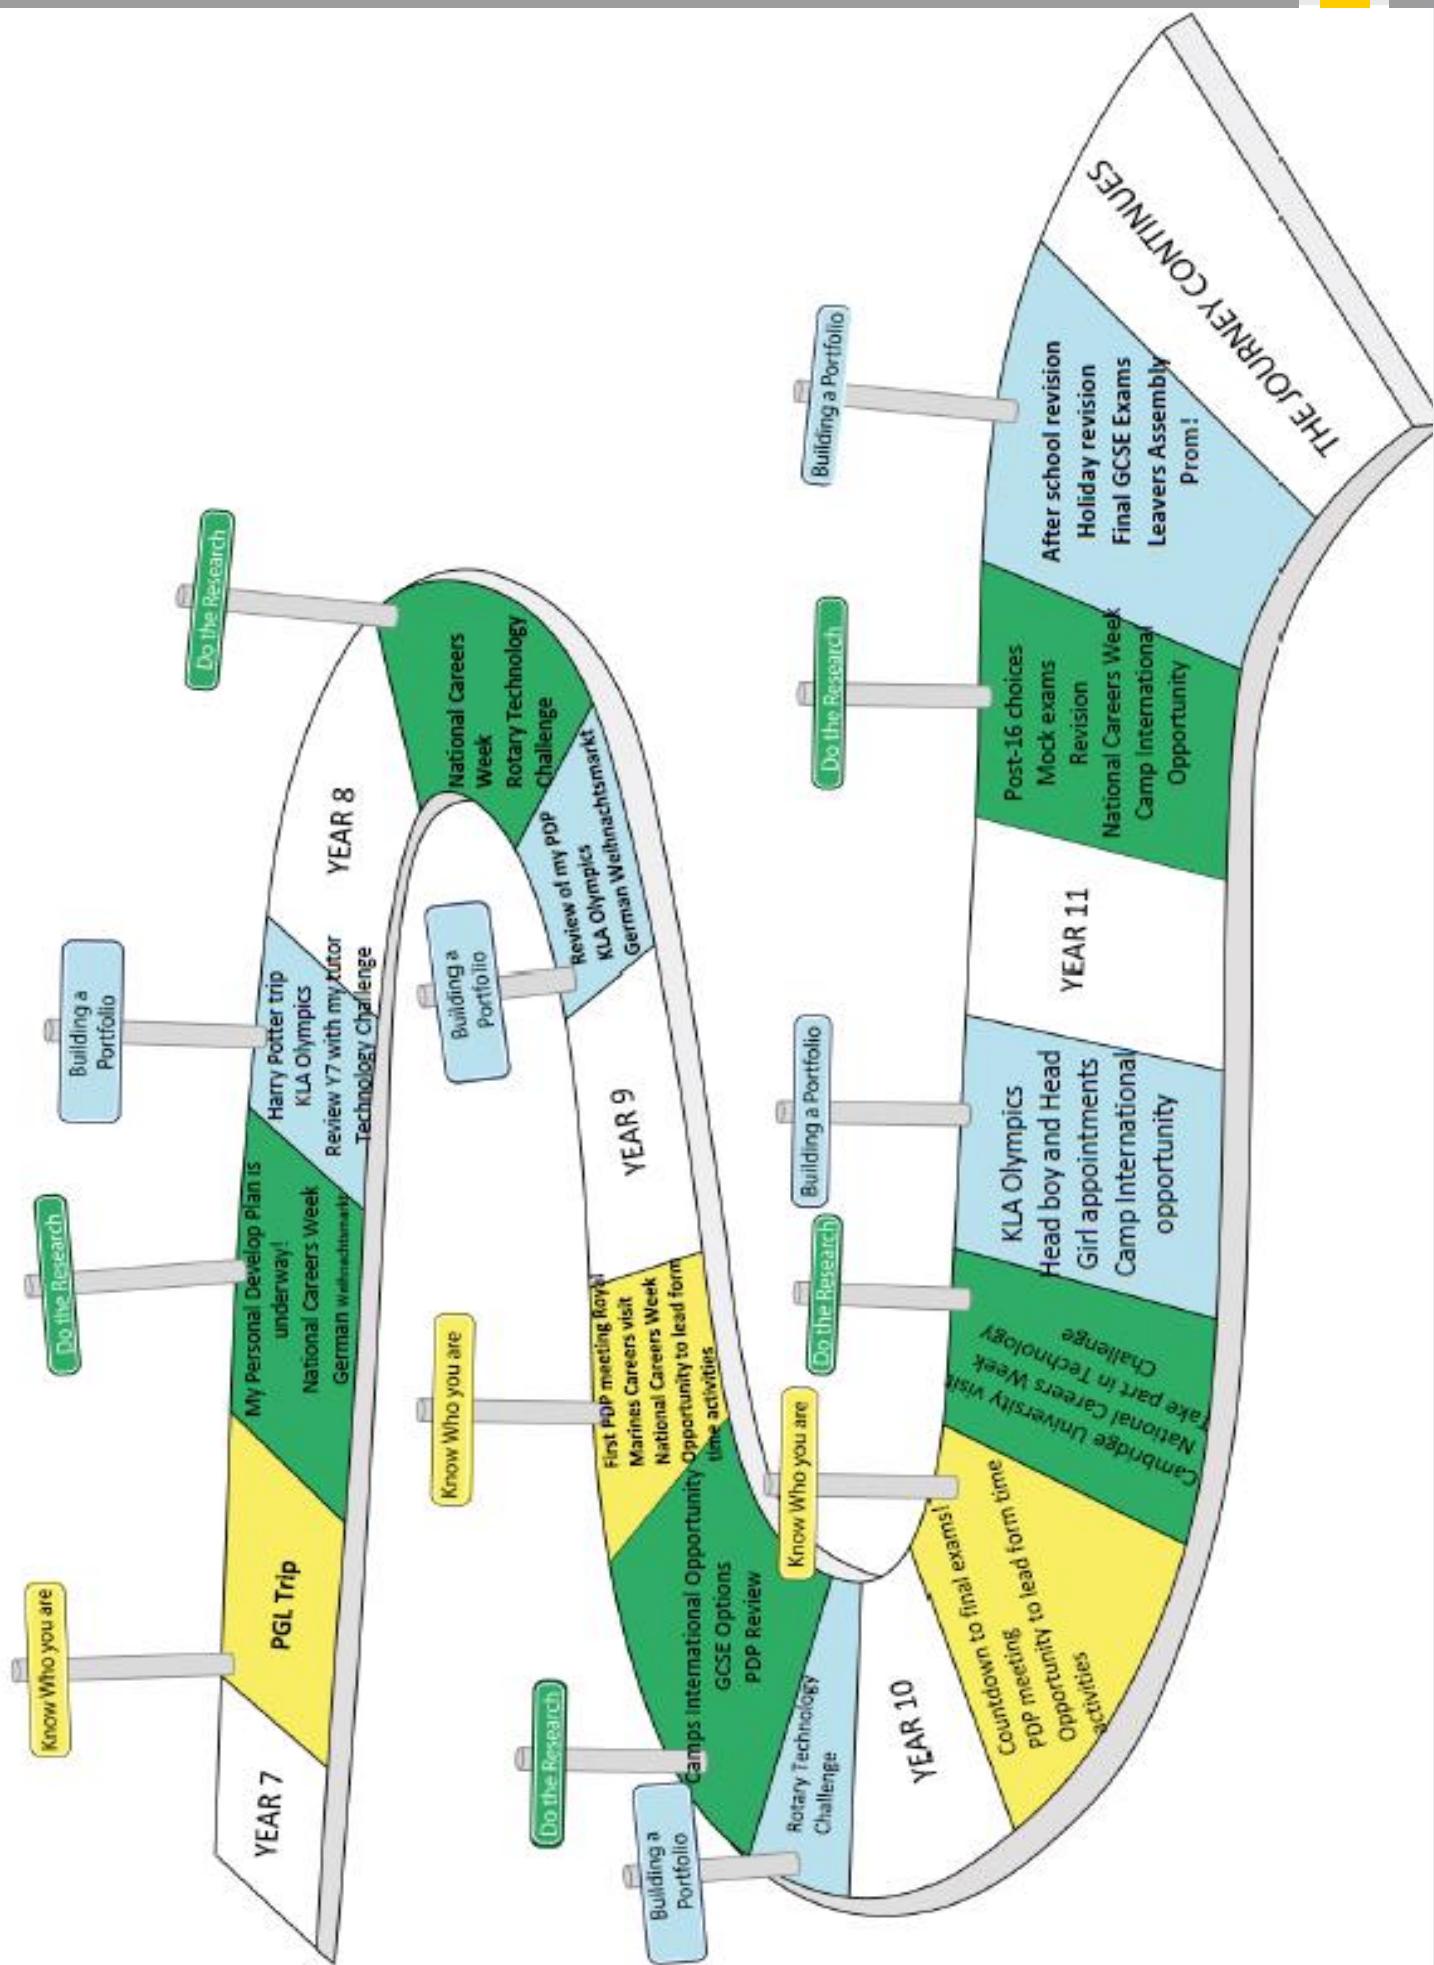

We have been using this successfully for the last two years to prepare pupils for their Language GCSEs. Through Active Learn, pupils have full access to the textbooks which they use in class, including audio files to allow them to practice their listening skills. There is also a tasks section for specific homework set by teachers. This will consist of interactive, self-marking reading, listening and vocab learning tasks so pupils can get instant feedback on their work.

The Languages Department have been using Quizlet to help pupils build their vocabulary in the languages which they study. Every student should be signed up to their own class on Quizlet which contains lists of words that they need to know. Each list can be explored in a multitude of ways including study mode, tests and games. Pupils especially enjoy competing on the match game to see who can be the fastest in the class! This is used by all pupils.

KLA Journey Yr7 - 11

Personal Development

"All students will have taken opportunities beyond the classroom to develop their talents and interests and have enriched their overall experience of school"

Year 10 Opportunities:

- Cambridge University Visit
- Head Boy and Head Girl
- Campaigns, interviews and appointment
- COWA Taster Day
- Sixth Form Tasters
- Student Commission applications and interviews
- National Careers Week
- Trips to places of work and business
- Annual business event – Corn Exchange
- Rotary Tournament
- University workshops through NUA
- Visit to degree student exhibitions
- Borough Market
- KLA Olympics
- Art Club
- Musical Theatre Film Club
- Anglian Waterparks
- Fishing trips
- Rock climbing
- Skate park
- Total wipeout course
- Fitness boot camp
- Body works museum tour
- National sporting events
- Sports tours (football and netball)
- BBC Norwich - create a radio and TV advert
- Graphic design trip joint with Art to partake in the NUA workshops
- Photography Club
- YouTube Club
- Weekly dance workshop – The Workshop King's Lynn
- Gallery visits
- Camps International Expedition
- Community Christmas Meal
- Macmillan Fund Raising
- Visit to the Planetarium
- Cambridge Science Show
- Thorpe Park Computer Science Workshop
- Careers theatre productions (visiting and external)
- Trip around the coast: Cider making, mussel fishermen, cheese making
- Poland / Germany residential trip

Next Steps

Self - Help Apps

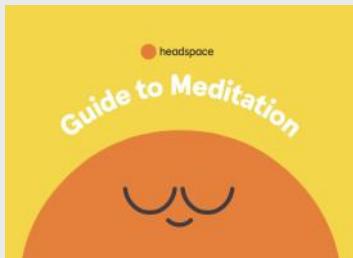

Mind Shift

The **Mind Shift** app helps you learn how to relax, to develop more helpful ways of thinking, and identify active steps that will help you take charge of your anxiety. This app includes strategies to deal with everyday anxiety, as well as specific tools to tackle:

Test Anxiety, Perfectionism, Social Anxiety, Performance Anxiety, Worry, Panic and Conflict

Headspace

Headspace teaches you the basics of meditation and mindfulness. As well as guided meditation courses and guides exercises. As well as animations, articles and videos, all in the distinct Headspace style.

You can try Headspace for yourself and learn the essentials of meditation and mindfulness with their free Basics course

For Me

For Me is an app/website designed by ChildLine to support young people up to the age of 19. The app covers many issues, including self-harm, anxiety, bullying and body image.

Calmharm

Calmharm provides tasks that help you resist or manage the urge to self-harm.

Learn to ride the wave with the free Calm Harm app using these activities:

Comfort, **Distract**, **Express Yourself**, **Release**, **Random** and **Breathe**.

Distract: helps to combat the urge by learning self control

Comfort: helps to care rather than harm

Express Yourself: helps get feelings out in a different way

MyLife

MyLife Meditation: Mindfulness (*formally known as Stop, Breathe & Think*)

It is an award-winning meditation and mindfulness app that offers daily wellness check-ins and suggests activities personalized on how you feel. Learn to maintain perspective through your mental and physical wellness journey. Develop simple habits so you can get to a better place in just a few minutes a day.
